Math Placement Exam

Who takes the proctored ALEKS placement test?

All incoming UK students with a Math ACT of 29 or below or Math SAT of 680 or below are asked to take the ALEKS mathematics placement exam. However, students who have a UK approved 100-level or above mathematics credit (including official AP, Dual credit, or transfer credit) accepted by UK admissions are highly encouraged, but not required to take the ALEKS placement exam. This ALEKS placement exam ensures appropriate mathematics course placement and the ALEKS PPL account is free for incoming UK students to continue mathematics preparation for future courses through the individualized learning modules

Step One (Practice Test): Click this link: <http://www.uky.edu/app/alekslogin> and select “I am a current UK student or newly-admitted UK student” to take a practice ALEKS test using your LinkBlue ID. This practice test will unlock study modules to help you prepare for your proctored test.

Step Two (Study Modules): Log back into your ALEKS Placement Account to access your study modules. Complete at least 3 hours in your learning modules prior to taking your official, proctored test. Practicing material in the study modules will help prepare you for your proctored test.

Step Three (Proctored Test): Register for your official proctored placement test (monitored by a UK approved individual online or in-person). You may take your official test online or when you arrive on campus. See below for registration:

- **Online (before “see blue.” U) with ProctorU for a small fee:** Visit <http://www.uky.edu/app/proctoru-information> to sign up with an online proctor through ProctorU
- **On campus:** If you are near UK and would like to take the proctored exam on campus visit <http://www.uky.edu/app/aleks-proctored-registration> to sign up for your exam.

If you have any questions regarding the ALEKS math placement exam please visit <http://www.uky.edu/app/placement-testing> or reach us through email at app@uky.edu.

Parking Permits for Fall 2019

Please note that it is not essential to bring a car to campus. Many students find that it’s just as quick, easy and convenient to get around campus and Lexington by using the alternative transportation resources that the University and city offer - including car sharing through Zipcar, the BluPass program, which allows students to ride all Lextran routes free with a Wildcard ID, and the Big Blue Cycles fleet, which consists of more than 150 bicycles available exclusively to students who live in campus housing who sign a commitment not to bring a car to Lexington. In fact, less than half of our residential students and fewer than a third of all students bring a vehicle to campus, a decision from which everyone benefits – our campus, our community and our environment. Students may apply for a Big Blue Cycles bike at www.uky.edu/transportation/bigbluecycles. Be sure to check out all of the options available in our alternative transportation network at www.uky.edu/transportation/alternativetransportation. Eligible students who choose to bring a car to campus are encouraged to purchase permits online at www.uky.edu/transportation. Student permit sales begin in June, with the date varying based on permit type.

Wildcard Student ID

During your “see blue.” U Orientation, you can purchase your WildCard student ID in Gatton Student Center Suite 380. There is a \$17 charge for a new student ID and \$5 charge for an ID holder (this is optional). Each student will need to bring a government issued photo ID to obtain the WildCard (driver’s license, passport, military ID or state identification card). The Wildcard ID office is open each day from 8 a.m. – 4:15 p.m.
