Through career assessments and personal attention, the James W. Stuckert Career Center (SCC) helps students connect their strengths and interests to potential majors and professional paths.

From international internships to local service-learning, SCC encourages students to find opportunities that both complement and supplement their coursework and career goals.

From resume and cover letter assistance to mock interviews, advisors at SCC are dedicated to empowering students for success in the job market or graduate school.

Visit uky.edu/careercenter to learn more about SCC and to explore the job search and industry research tools in the Wildcat Career Link portal.
