

ASACR 5

Office of the President
April 25, 2025

Members, Board of Trustees:

DELETION OF CERTIFICATE: COLLEGE OF EDUCATION

Recommendation: that the Board of Trustees approve the closure of the graduate certificate of Applied Behavior Analysis within the College of Education.

Background: Due to upcoming changes in board certification standards, the graduate certificate in Applied Behavior Analysis will no longer be eligible for Board Certified Behavior Analyst certification. There is currently one student in the certificate and is anticipated to complete the required coursework in Fall 2025. The faculty has asked to close the graduate certificate in Applied Behavior Analysis.

The proposed closure of this graduate certificate has been recommended to the Provost by the College of Education faculty given their expertise within their respective disciplines. The Provost of the University supports the program faculty's recommendation.
