Office of the President

Members, Board of Trustees:

ACADEMIC YEAR 2025-26 TUITION AND MANDATORY FEES SCHEDULE

Recommendation: that the Board of Trustees approve the attached Academic Year (AY) 2025-26 Tuition and Mandatory Fees Schedule. The recommended tuition and mandatory fees reflect a 3.0 percent increase for most resident and nonresident students compared to AY 2024-25.

Background: Pursuant to KRS 164.020(8), the Council on Postsecondary Education has the statutory authority to determine tuition for Kentucky's public colleges and universities. The Council considers any required fees charged to most students as subject to the statute.

On April 17, 2025, the Council adopted resident undergraduate tuition and mandatory fee ceilings for AY 2025-26 and AY 2026-27 with a maximum rate increase of no more than \$675.00, or 5.0 percent, over the two years and a maximum increase of no more than \$450.00, or 3.3 percent, in any one year for UK.

The Council also adopted a recommendation allowing the public institutions to submit for Council review and approval market competitive tuition and fee rates for graduate and online courses, as well as tuition and fee rates for nonresident undergraduate students that comply with Council's *Tuition and Mandatory Fees Policy*. The Council's policy states that every institution shall manage its tuition and fee rate structures, price discounting, and scholarship aid for out-of-state students such that in any given year the average net tuition and fee revenue generated per nonresident undergraduate student equals or exceeds 130 percent of the annual full-time tuition and fees assessed to resident undergraduate students.

The attached recommended AY 2025-26 schedules reflect tuition and mandatory fee rate increases of 3.0 percent for most resident and nonresident students. The proposed tuition and mandatory fee rates to be assessed to resident undergraduate students total \$6,953.50 per semester. The recommended rates comply with the Council's tuition and mandatory fees ceilings and policy.

Student mandatory fees are assessed based on the student's full-time or part-time status, program platform (e.g., UK Campus, UK Online) and program level (undergraduate, graduate, or professional). In AY 2024-25, the University assessed eighteen mandatory

fees that supported a range of student services such as the Student Government Association, student health and technology.

The Office for Student Success has requested the consolidation of five mandatory student fees into the Student Services Fee beginning with AY 2025-26 to simplify financial transactions and fund tracking. The fees proposed for consolidation are Career Preparation, WRFL Student Radio, Student Activities Board, Student Involvement and the Center for Community Outreach. The programs supported by the current fees will continue to operate after the charges are collapsed into the Student Services Fee. The attached AY 2025-26 tuition and mandatory fee schedules reflect this request.

Each year, the Student Government Association's Student Fee Allocation Committee (SFAC) solicits and reviews proposals for changes in mandatory fees. The Committee received a request to increase the Campus Recreation Fee by the maximum amount possible to support the Johnson Center expansion project which will improve the student experience, enhance campus facilities, and help the University remain competitive with peer institutions. The SFAC endorsed the requested mandatory fee increase.

Pursuant to the SFAC's recommendation, the attached AY 2025-26 rates reflect a \$21.00 increase to the Campus Recreation Fee from \$74.00 to \$95.00 per semester. Additionally, the schedules include a recommendation to assess the Campus Recreation and Student Wellness Fees to UK Online students and graduate and professional students enrolled exclusively in distance learning courses due to significant growth in the number of online/virtual services that are supported by the fees. Online services funded by the fees include programs such as telehealth counseling, on-demand group fitness classes, and personal training.

The recommended AY 2025-26 tuition and mandatory fee rates are presented in Attachment I. The recommended mandatory fees are also shown separately in Attachment II. The University has submitted the attached rates to the Council on Postsecondary Education for consideration, pending the Board of Trustees' approval.

The recommended program, course and administrative fees for AY 2025-26 are included in FCR 6 Fiscal Year 2025-26 Operating and Capital Budget.

University of Kentucky
Academic Year 2025-26
Recommended Tuition and Mandatory Fee Rates
NOTES

¹**Tuition and Mandatory Fee Rates.** The applicable tuition and mandatory fee rates will be determined at the time charges are assessed based on the student's primary academic program, including students concurrently pursuing multiple degrees and/or certificates. Course, program, and other fees may be assessed in addition to the published tuition and mandatory fee rates, as applicable.

²**Undergraduate Tuition.** Undergraduate degree and certificate programs are offered on two platforms – UK Campus and UK Online.

UK Campus. For undergraduate students enrolled in the UK Campus, tuition and mandatory fees will be assessed per credit hour up to 12 hours. Full-time per semester rates (capped rates) will be charged to undergraduate students enrolled for 12 or more credit hours. Class section delivery mode (e.g., in-person, fully online, hybrid, etc.) will not impact the assessment rate.

UK Online. Fully online undergraduate certificate and degree programs (i.e., Internet, web-based) are offered only through UK Online. Undergraduate students enrolled only in a UK Online certificate or degree program will be assessed the UK Online rate for each credit hour. There is no full-time tuition cap for UK Online undergraduate certificate and degree programs. The UK Online rate will be the same for resident and non-resident undergraduate students.

UK Campus and UK Online. Full-time undergraduate students with a declared primary academic program offered through UK Campus may add a UK Online minor and/or certificate at no additional charge.

Undergraduate students with a declared primary academic program offered through UK Campus who add a second major offered through UK Online will be assessed the UK Online rate for all online classes in addition to the tuition assessment for all other classes.

Students whose only academic program is offered through UK Online will be limited to enrolling in UK Online classes.

³**Graduate and Professional Practice Tuition.** Graduate and professional students will be assessed tuition and mandatory fees based on their enrolled program. Tuition and mandatory fees for these programs are classified as per semester rates, annual rates, full program rates, or per credit hour rates.

Unless specifically addressed below, full-time per semester tuition and mandatory fees will be charged to graduate and professional practice doctoral students enrolled for nine or more credit hours. Tuition and mandatory fees will be assessed per credit hour to graduate and professional practice students enrolled for less than nine credit hours.

University of Kentucky
Academic Year 2025-26
Recommended Tuition and Mandatory Fee Rates
NOTES

Students considered full-time for financial aid and reporting purposes, but enrolled for less than nine credit hours, (e.g., graduate students in residency status) will be assessed on a per credit hour basis.

Graduate students enrolled exclusively in classes offered through distance learning will be assessed tuition using the applicable resident rate, regardless of residency status. Distance learning classes include delivery modes such as fully online (i.e., Internet, web-based), hybrid, off-campus, TV, and compressed video.

⁴Mandatory Fees. Mandatory fees will be assessed based on the student's full-time or part-time status, program platform (UK Campus or UK Online), and program level. Full-time students enrolled in at least one non-distance learning class (i.e., on-campus class) will be assessed all mandatory fees. If a student wishes to participate in any activity supported by a mandatory fee that has not been assessed, the student must pay the total mandatory fees for the term, except to access University Health Service. Part-time students may pay the Student Health Fee to access University Health Service.

Students enrolled in programs offered by the colleges of Dentistry, Health Sciences, Nursing, Pharmacy and Public Health will be assessed the rates shown in the tuition and mandatory fee schedule, including the Student Health and Student Wellness mandatory fees where applicable, based on their enrollment status (full-time or part-time), program platform (UK Campus or UK Online), program level and curriculum load (regular or reduced), regardless of class location or modality. Students enrolled in professional programs offered by the College of Medicine will be assessed all mandatory fees regardless of class locations or modality.

No refunds for the Student Health Fee will be provided to full-time students who change their status to part-time on or after the first day of the semester. However, these students will maintain access to University Health Service while enrolled during the term. Refunds for the Student Health Fee will be processed for students who officially withdraw from the University through the Registrar's Office. Refund amounts will be determined in accordance with the schedule noted on the official University Calendar.
