University of Kentucky Intercollegiate Athletics Program

Notes to Statement of Revenues and Expenses – Unaudited June 30, 2023

Note 1: Summary of Presentation Policies

The amounts in the accompanying Statement of Revenues and Expenses – Unaudited (Statement) of the Intercollegiate Athletics Program were obtained from the University of Kentucky's (University) trial balance, which is maintained on an accrual basis. All revenues and expenses directly related to various sports are disclosed as such. The University records depreciation on physical plant and equipment; however, depreciation is not part of the Statement. Pursuant to NCAA reporting guidelines, certain transfers are not recorded as expenses within the Statement and are considered excess transfers. These excess transfers are considered expenses by the University when evaluating net revenue or loss from the Intercollegiate Athletics Program, and totaled \$4,718,185 for the year ended June 30, 2023.

Note 2: Other Sports

Other sports reported in the Statement include Men's Baseball, Men's and Women's Golf, Gymnastics, Rifle, Men's and Women's Soccer, Softball, Men's and Women's Swimming and Diving, Men's and Women's Tennis, Men's and Women's Track, Women's Volleyball and Women's STUNT.

Note 3: Property, Plant and Equipment

Intercollegiate athletics-related assets are accounted for consistent with the University's policies for property, plant and equipment. Capital assets are stated at cost at date of acquisition or, in the case of gifts, at fair market value at date of gift. Property, plant and equipment valued at \$5,000 or more and having an estimated useful life of greater than one year are capitalized. Depreciation of capital assets is computed on a straight-line basis over the estimated useful lives of the respective assets, generally 40 years for buildings, 10 to 25 years for land and building improvements and infrastructure, 10 years for library books and capitalized software, and three to 20 years for equipment and vehicles.

As of June 30, 2023, Athletic plant assets consisted of:

Land and land improvements	\$ 38,286,278
Buildings and infrastructure	372,970,912
Fixed equipment	5,391,288
Equipment	13,631,338

University of Kentucky Intercollegiate Athletics Program Agreed-Upon Procedures

Our procedures and findings are described as follows:

Internal Controls

1. We obtained an understanding of the University of Kentucky's (University) internal control structure and those controls unique to the Intercollegiate Athletics Program (Athletics).

Affiliate and Outside Organizations

- 1. Athletics' management represented that no expenses were incurred on behalf of Athletics' from related affiliated and outside organizations. As such, no copies of audited financial statements for each such organization for the reporting period were provided.
- 2. Athletics' management prepared and provided to us a summary of revenues and expenses for or on behalf of Athletics by affiliated and outside organizations included in the Statement of Revenues and Expenses (Statement)(Attachment A), noting none.
- 3. Athletics' management provided to us any additional reports regarding internal control matters identified during the audits of affiliated and outside organizations performed by independent public accountants. We were not made aware of any internal control findings.

Statement of Revenues and Expenses – Unaudited

1. We will obtain the Statement for the year ended June 30, 2023, as prepared by management. We will compare the revenue and expense amounts reported on the Statement to the supporting schedules prepared by management of the University for relevant revenue and expense categories which are greater than 4.0% of total operating revenues and operating expenses.

Results and Findings: No matters are reportable.

2. We will compare a sample of operating revenue receipts and operating expenses obtained from the Statement to adequate supporting schedules.

Results and Findings: No matters are reportable.

3. We will compare each major revenue and expense category over 10% of the total revenues or expenses in the Statement to prior year amounts and current year budgeted amounts. We will obtain and document an understanding of any significant variances greater than 10% from prior year amounts or current year budget estimates.

Results and Findings

Current Year Actual Versus Prior Year Actual

Line Item	Explanation
Contributions	Current year exceeded prior year amounts by \$10,116,946 or 36.26% because the University added a new club for Rupp Arena that required a donation. In addition, the University utilized donations from previous fiscal years that were budgeted to be used during the current fiscal year and the University did not utilize as many prior year donations during the previous year.
Coaching salaries, benefits and bonuses paid by the University and related entities	Current year exceeded prior year amounts by \$4,274,959 or 12.64% due to contractual increases in many sports, especially football.

Current Year Actual Versus Current Year Budget

Line Item	Explanation
Ticket sales	Actual exceeded budget by \$3,791,794 or 10% due to ticket budgets being set at pre-COVID-19 levels; further, the success of football early in the season and the Olympic sports caused the University to exceed the budget.
Contributions	Budget exceeded actual by \$5,993,203 or 13.62% due to the budget utilizing more of the capital fund balance than was needed.
Direct overhead and administrative expenses	Actual exceeded budget by \$2,977,360 or 14.64% due to the result of various unbudgeted maintenance and repair expenses, the largest of which were fence padding replacement, field replacement, HVAC repairs, video board repairs, and office relocation due to Memorial Coliseum construction.

Ticket Sales

4. For football and men's basketball ticket revenue, we will compare the detail of tickets sold, complimentary tickets provided, and unsold tickets to the related revenue reported by the University in the Statement and the related attendance figures and recalculate totals. For football and men's basketball ticket revenue, we will compare the detail of the number of tickets, multiplied by ticket prices and any reconciling items, to the detail of revenue for those sports.

Results and Findings: No matters are reportable.

Student Fees

5. We will compare and agree student fees reported by the University in the Statement to student enrollments and recalculate totals.

Results and Findings: Statement line item was less than 4% of total revenues; therefore, no procedures were performed.

7. If Athletics is reporting that an allocation of student fees should be countable as generated revenue, we will recalculate the totals of Athletics' methodology for supporting that they are able to count each sport. We will agree the calculation to supporting documents, such as seat manifests, ticket sales reports, and student fee totals.

Results and Findings: Statement line item was less than 4% of total revenues; therefore, no procedures were performed.

20. We will obtain and read agreements related to the University's conference distributions and participation in revenues from tournaments during the reporting period for relevant terms and conditions.

Results and Findings: Conference distributions (non-media and non-football bowl) Statement line item was less than 4% of total revenues; therefore, no procedures were performed. See conference distributions of football bowl generated revenue below.

21. We will obtain a supporting schedule relating to the University's allocation of revenues for SEC post-season football bowl game revenues. We will agree the related revenues to the Statement and to the SEC memorandum from the SEC Commissioner supporting schedule.

Results and Findings: No matters are reportable.

Program, Novelty, Parking and Concession Sales

22. We will obtain supporting schedules for revenue reported in the Statement from program, novelty, parking and concession sales and agree the amounts to the Statement and recalculate totals.

Results and Findings: Statement line item was less than 4% of total revenues; therefore, no procedures were performed.

Royalties, Licensing, Advertisements and Sponsorships

23. We will obtain and inspect one agreement related to the University's participation in revenues from royalties, licensing, advertisements, and sponsorships during the reporting period to gain an understanding of the relevant terms and conditions.

Results and Findings: No matters are reportable.

24. We will compare and agree the related revenues to the University's general ledger, and/or the Statement and recalculate totals.

31. We will compare and agree the related revenues to the University's general ledger and/or Statements and recalculate totals.

Results and Findings: Statement line item was less than 4% of total revenues; therefore, no procedures were performed.

Athletic Student Aid

32. We will select a sample of students (if the University used CA software, the sample is the lesser of 10% or 40 student-athlete recipients; if the University did not use CA software, the sample is the lesser of 20% or 60 student-athlete recipients) from the listing of student aid recipients during the reporting period.

Results and Findings: We selected a sample of 40 students from the listing of student aid recipients during the reporting period.

33. We will obtain individual student-account detail for each selection and compare total aid per the University's student information system to the student's detail in the University report that ties directly to the NCAA Membership Financial Reporting System.

Results and Findings: We obtained individual student account detail for each selection and compared total aid allocated from the squad list 2022–2023 (\$1,142,816) to the student detail, noting an aggregate difference of \$116,135. Each of these differences is a result of the actual tuition amounts, which are subject to change based on courses taken, book costs, housing selections, summer school, etc. We also noted one student whose account details for aid awards did not agree to the student information reported in the NCAA Membership Financial Reporting System. In discussions with the University, they stated that the student-athlete was properly awarded aid and, as the student was a football student-athlete, which is a head count sport, the error of using the wrong scholarship value did not result in any NCAA violations being committed.

- 34. We will compare information for each student selected to their information reported in the NCAA's CA software or the NCAA Membership Financial Reporting System, using the following criteria:
 - a. We will compare the equivalency value in the CA software for each student athlete (rounded to two decimal places) to supporting documentation.
 - b. We will note whether grants-in-aid were calculated by using the revenue distribution equivalencies by sport and in aggregate (athletic grant amount divided by the full grant amount).

- c. We will note whether other expenses related to attendance (also known as gap money or cost of attendance) are excluded from grants-in-aid revenue distribution equivalencies. Only tuition, fees, room, board and course-related books were counted for grants-in-aid revenue distribution per Bylaw 20.2.10.
- d. We will note whether the grant amount represented the full cost of tuition for an academic year, rather than a semester.
- e. If an athlete participated in more than one sport, we will note whether the award was only included in one sport.
- f. We will note whether athletics grants were for sports in which the NCAA conducts championships competition, emerging sports for women and bowl subdivision football.
- g. We will note whether grants-in-aid were for sports that meet the minimum contests and participants' requirements of Bylaw 20.10.6.3.
- h. We will note whether any of the selected items represented grants to student-athletes listed on the calculation of revenue distribution equivalencies report as "exhausted eligibility" or "medical."
- i. We will note whether any sports were discontinued during the fiscal year.
- j. We will note whether any of the student-athletes selected had exhausted their athletics' eligibility.
- k. If a selected student received a Pell Grant, we will note whether the value of the grant was excluded from the calculation of equivalencies or the total dollar amount of student athletic aid expense for the University.
- 1. If a student received a Pell Grant, we will compare the student's total grant to the total number and total value of Pell Grants reported for revenue distribution purposes in the NCAA Membership Financial Reporting System.
