Members, Board of Trustees:

DELETION OF CERTIFICATE: COLLEGE OF FINE ARTS

Recommendation: that the Board of Trustees approve the closure of the undergraduate certificate in Dance in the College of Fine Arts.

Background: To simplify and streamline the musical theatre undergraduate certificate offerings, the College of Fine Arts has added a Dance and Voice track to the existing undergraduate certificate in Musical Theater making the standalone certificate obsolete. This change enables students to concentrate on theater, dance or voice while ensuring they receive the full breath of musical theater education in the certificate program.

The proposed closure of this undergraduate certificate has been recommended to the Provost by the College of Fine Arts faculty given their expertise within their respective disciplines. The Provost of the University supports the program faculty's recommendation.
