Office of the President  
February 20, 2026

Members, Board of Trustees:

DELETION OF CERTIFICATE:  
COLLEGE OF ARTS AND SCIENCES

Recommendation: that the Board of Trustees approve the closure of the graduate certificate in Diversity and Inclusion in the College of Arts and Sciences.

Background: The graduate certificate in Diversity and Inclusion was designed for a wide range of professional backgrounds in recognition of our increasingly diverse world and workplaces. Due to low student demand and the resulting challenges in offering the required coursework, the College of Arts and Sciences has requested to close the graduate certificate in Diversity and Inclusion.

The proposed closure of this graduate certificate has been recommended to the Provost by the College of Arts and Sciences faculty given their expertise within their respective disciplines. The Provost of the University supports the program faculty's recommendation.
