Office of the President
June 21, 2019

Members, Board of Trustees:

ACADEMIC YEAR 2019-20 TUITION AND MANDATORY FEES SCHEDULE

Recommendation: that the Board of Trustees approve the attached Academic Year (AY) 2019-20 Tuition and Mandatory Fees Schedule and authorize the President to submit the schedule to the Council on Postsecondary Education. The recommended tuition and mandatory fees reflect a maximum 2.4 percent increase for most undergraduate resident students and a maximum 6.2 percent increase for most undergraduate non-resident students. The majority of the graduate and professional rates reflect approximately a three percent increase in resident rates and a four percent increase in non-resident rates.

Background:

Council on Postsecondary Education

Pursuant to KRS 164.020(8), the Council on Postsecondary Education has the statutory authority to determine tuition for Kentucky's public colleges and universities. The Council considers required fees charged to a majority of students as subject to the statute.

On April 27, 2018, the Council adopted two-year resident undergraduate tuition and fee ceilings for the public universities. The universities may increase rates no more than six percent for AY 2018-19 and AY 2019-20 combined, with no more than a four percent increase for either year. The University of Kentucky increased resident undergraduate tuition and mandatory fees 2.5 percent for AY 2018-19.

The Council's Tuition and Mandatory Fee Policy stipulates that each institution shall manage its tuition and mandatory fee rates and price discounting for non-resident undergraduate students so that tuition and fee revenue, less institutional scholarships, equals or exceeds the cost of direct instructional and student services per student. With regard to graduate and professional students, the public universities are to submit, for Council approval, market competitive tuition and mandatory fee rates.

The recommended AY 2019-20 rates comply with the Council's tuition and mandatory fee parameters.

Recommended Tuition and Mandatory Fees

As part of the University's Our Path Forward initiative, a work group analyzed the University's current tuition and mandatory fee pricing structure in terms of transparency, flexibility, simplicity, and sustainability. As a result, the recommended AY 2019-20 tuition and mandatory fee schedule

includes several structural changes to modernize the University's current pricing structure. The changes include: 1) elimination of the lower and upper division rate differentials for undergraduate students; 2) establishment of a new online learning rate for undergraduate students; 3) establishment of a new per credit hour pricing strategy for select graduate programs; and, 4) assessment of mandatory fees based on the availability of services to students.

Currently, undergraduate students with less than 60 cumulative credit hours (freshmen and sophomores) are assessed lower-division tuition and mandatory fee rates. Undergraduate students with 60 or more cumulative credit hours (juniors and seniors) are assessed upper-division rates. Effective fall 2019, the undergraduate tuition and mandatory fee rates will no longer be differentiated based on the student's accumulated number of credit hours.

Beginning fall 2019, undergraduate courses offered fully online will be assessed using the applicable Undergraduate Online Learning Rate. These internet, web-based courses will be assessed tuition and mandatory fees per credit hour, separate and in addition to tuition and mandatory fees for any other courses. This pricing strategy is consistent with the structures used by many benchmark institutions and other Kentucky public universities. The Undergraduate Online Learning Rates are the same for resident and non-resident undergraduate students. For students enrolled in a mix of fully online and on-campus courses, the recommended Undergraduate Online Learning Rate is \$601 per credit hour. For students enrolled exclusively in fully online courses, the recommended Undergraduate Online Learning Rate is \$570 per credit hour. The difference between the two rates is related to mandatory fees.

Each year, the Student Fee Allocation Committee (SFAC) of the Student Government Association solicits and reviews proposals for changes in mandatory fees. Given concerns with affordability, the SFAC did not recommend any increases in mandatory fees for AY 2019-20.

In alignment with the SFAC's recommendation, mandatory fees will remain the same as in the current year. However, some changes to the assessment of the mandatory fees are recommended to provide consistent and equitable assessments. Each mandatory fee has been classified as one of three types, for assessment purposes, based on the student's full-time or part-time status and whether or not the student is enrolled in at least one on-campus course:

1. Fees that support services that are available to all students, such as the Technology Fee.
2. Fees that support services that are generally available only to students who are on campus, such as the Student Center Fee.
3. Fees that support services that are generally designed for full-time students who are on campus, such as the Student Health Fee.

A detailed schedule reflecting the classification of each fee for assessment purposes is provided in the attachment.

The recommended program, course, and administrative fees for AY 2019-20 are included in FCR 11, Fiscal Year 2019-20 Operating and Capital Budget. Program, course, and administrative fee increases have generally been limited to less than two percent.

University of Kentucky
Academic Year 2019-20
Recommended Tuition and Mandatory Fee Rates
NOTES

¹ The applicable tuition and mandatory fee rate will be determined at the time charges are assessed based on the student's primary academic program, including students concurrently pursuing multiple degrees and/or certificates. Course and program fees are not included in the above rates, except for the UK-UofL Joint Executive Master in Business Administration program.

² Unless stated otherwise, the full-time per semester rates will be charged to undergraduate students enrolled for 12 credit hours or more and graduate and professional practice doctoral students enrolled for nine credit hours or more. Students enrolled part-time will be charged on a per credit hour basis. Students considered full-time for financial aid and reporting purposes, but with less than full-time credit hours, (e.g., graduate students in residency status) will be assessed on a per-credit hour basis.

Beginning fall 2019, undergraduate courses offered fully online (i.e., Internet, web-based delivery mode) will be assessed using the Undergraduate Online Learning Rates. These courses will be assessed tuition and mandatory fees per credit hour, separate and in addition to tuition and mandatory fees for any other courses. The Undergraduate Online Learning Rates are the same for resident and non-resident undergraduate students.

³ Mandatory fees are listed separately above and will be assessed based on the student's full-time or part-time status, course delivery mode(s), and whether or not the student is enrolled in at least one on-campus course. An on-campus course requires regular or periodic physical attendance on campus for instruction and/or assessment. The delivery modes for an on-campus course may include, but are not limited to, traditional classroom, hybrid (e.g., traditional classroom and Internet, web-based), compressed video, or satellite courses. Unless stated elsewhere, students will be assessed a maximum \$674.50 for mandatory fees per semester.

The Annual Full-Time Rates for graduate and professional programs include mandatory fees totaling \$1,524 for the full academic year and provide year-round access to services provided by University Health Service. The Full Program Rates for graduate programs include mandatory fees for all terms covered by the applicable program.

If a student wishes to participate in any activity supported by a mandatory fee that has not been assessed, the student must pay the total mandatory fees for the semester, except as follows. Part-time students and students enrolled in all off-campus courses may pay the Student Health Fee to access University Health Service at minimal additional cost. Students enrolled in programs within the colleges of Dentistry, Health Sciences, Medicine, Nursing, Pharmacy, and Public Health are assessed the Student Health Mandatory Fee regardless of the location of courses. Students enrolled in programs within the College of Medicine will be assessed all mandatory fees regardless of the location of the courses.

Pursuant to the Memorandum of Agreement with the Kentucky Community and Technical College System, students enrolled at the Bluegrass Community and Technical College (BCTC) will have the opportunity to select and pay for specific services from the list of mandatory fees. However,

University of Kentucky
Academic Year 2019-20
Recommended Tuition and Mandatory Fee Rates
NOTES

all mandatory fees will be assessed BCTC students that reside in University of Kentucky student housing.

⁴ For graduate and professional program students enrolled exclusively in online courses (i.e., Internet, web-based delivery mode), the course(s) will be assessed tuition using the applicable resident rate, regardless of residency status.

⁵ The President, or his delegate, may interpret the application of these rates on an individual student basis in extraordinary circumstances.

⁶ Prior to fall 2019, undergraduate students with less than 60 cumulative credit hours (freshmen and sophomores) were assessed lower-division rates. Undergraduate students with 60 or more cumulative credit hours (juniors and seniors) were assessed upper-division rates. Effective fall 2019, the undergraduate tuition and mandatory fee rates will no longer be differentiated based on the student's accumulated number of credit hours.

Lower-division undergraduate students (freshmen and sophomores) enrolled in the UK College of Engineering Extended Campus Program – Paducah will be assessed tuition and mandatory fees based upon the West Kentucky Community and Technical College's tuition and fee rates. Upper-division undergraduate students (juniors and seniors) enrolled in the UK College of Engineering Extended Campus Program – Paducah will be assessed the applicable UK rates. Non-resident undergraduate students from select contiguous counties in Illinois (Massac, Alexander, and Pulaski) and enrolled in this program will be eligible for the applicable Kentucky resident rates.

Undergraduate students in the BCTCblue+ Program may enroll in up to 12 credit hours (no more than four courses) during the fall and spring semesters at the current Kentucky Community and Technical College System tuition rate plus associated University of Kentucky mandatory fees and any applicable course fees. For more information visit: <https://bluegrass.ketcs.edu/current-students/academic-resources/transfer-information.aspx>

⁷ Effective fall 2019, students pursuing the Master of Science in Finance will be assessed tuition and mandatory fees based on the applicable per credit hour rate for all attempted credit hours, regardless of full-time or part-time status.

⁸ Students pursuing the Master of Forensic Toxicology and Analytical Genetics, a new graduate program offered in fall 2019, will be assessed tuition and mandatory fees based on a per credit hour rate for all attempted credit hours, regardless of full-time or part-time status.

¹¹ The “Professional Practice Doctoral” tuition and mandatory fee rates will be assessed to students enrolled in doctoral programs in the following colleges:

- Nursing
- Public Health

¹² Unless otherwise publicized, students enrolled in programs with Annual Full-Time Rates or Full Program Rates will be assessed the tuition and mandatory fees semi-annually for all terms within the same academic year. The Academic Year (AY) 2019-20 rates are effective July 2019.

¹³ Half-time tuition and mandatory fee rates for AY 2019-20 of \$18,376 for resident students and \$38,351 for non-resident students are established for those dental students who have been approved by the Dean of the College of Dentistry to have a reduced curriculum load.

¹⁴ Half-time tuition and mandatory fee rates for AY 2019-20 of \$14,931 for resident students and \$27,078 for non-resident students are established for those pharmacy students who have been approved by the Dean of the College of Pharmacy to have a reduced curriculum load.

¹⁵ Part-time enrollment in the College of Law is permitted only with prior approval of the College of Law Associate Dean for Academic Affairs and is granted only for extraordinary circumstances.

¹⁶ The College of Medicine tuition and mandatory fee rates are “locked-in” for each entering class cohort. The rates do not change while students are enrolled in the program. Reduced curriculum tuition and fee rates for AY 2019-20 of \$20,783 for resident students and \$36,949 for non-resident

University of Kentucky

Recommended Tuition and Mandatory Fee Rates
NOTES

students are established for those medical students who have been approved by the College of Medicine Student Progress and Promotion Committee to have a reduced curriculum load.

¹⁷ Effective fall 2019, students pursuing the Master of Science in Accounting will be assessed the applicable Full Program Rate for the 11-month program. Tuition is assessed in three installments (fall, spring, and summer semesters) and mandatory fees are assessed in two installments (fall and spring semesters). The Becker CPA Review Course is optional and not included in the Full Program Rates.

¹⁸ Effective summer 2016, the Master of Business Administration rates for new students are based on the program duration. The rates will be assessed in installments throughout the duration of the program. Tuition for the one-year program will be assessed in three installments (one-fifth for summer and two-fifths for the fall and spring semesters) and mandatory fees will be assessed in two installments (fall and spring semesters). Tuition and mandatory fees for the two-year and three-year programs will be assessed each semester based on course load.

¹⁹ The UK-UofL Joint Executive Master in Business Administration rate will be assessed to resident and non-resident students and reflects the total price of the program including tuition, mandatory fees, and program fee. The rate will be apportioned to each institution.
