Office of the President  
June 13, 2025

Members, Board of Trustees:

IMPROVE BUILDING SHELL SYSTEMS  
(WILLIAM T. YOUNG LIBRARY ROOF REPLACEMENT) CAPITAL PROJECT

Recommendation: that the Board of Trustees approve the initiation of the Improve Building Shell Systems (William T. Young Library Roof Replacement) capital project.

Background: Pursuant to Administrative Regulation 8:2, any capital project with an estimated scope of \$1,000,000 or more must be approved by the Board prior to initiation.

This project will complete the final phase of the roof repairs for the William T. Young Library (Young Library). Young Library officially opened to the public in April 1998. The original roof, constructed in 1994, is well past its useful life and needs replacement. In December 2021, the Board approved the first phase of this project.

This \$1,750,000 project, authorized by the 2024 Kentucky General Assembly, is well within the total legislative authorization of \$40,000,000 and will be funded with agency funds.
