Office of the President
December 14, 2021

Members, Board of Trustees:

IMPROVE BUILDING SHELL SYSTEMS (WILLIAM T. YOUNG
LIBRARY ROOF REPLACEMENT) CAPITAL PROJECT

Recommendation: that the Board of Trustees approve the initiation of the Improve Building Shell Systems (William T. Young Library Roof Replacement) capital project.

Background: Pursuant to Administrative Regulation 8:2, any capital project with an estimated scope of \$1,000,000 or more must be approved by the Board prior to initiation.

William T. Young Library officially opened to the public in April 1998. The original roof, constructed in 1994, is well past its useful life and needs replacement. This project will replace the roof and construct a platform that will allow for future maintenance of the cupola from the exterior of the building.

This \$1,500,000 project, authorized by the 2020 Kentucky General Assembly, is well within the total legislative authorization of \$40,000,000 and will be funded with agency funds.
