

FCR 8

Office of the President
September 18, 2026

Members, Board of Trustees:

APPROVAL OF DISPOSAL
(ORAN LITTLE RESEARCH CENTER - OLD UTILITY SHED)

Recommendation: that the Old Utility Shed, UK building #3783, located on Oran Little Research Center at 1171 Midway Road, Versailles, Kentucky be declared surplus to the needs of the University and that the Executive Vice President for Finance and Administration be authorized to dispose of the structure and remove the property using the method of least cost disposal.

Background: KRS §164A.575 (8) states, "The governing board shall sell or otherwise dispose of all real or personal property of the institution which is not needed or has become unsuitable for public use or would be more suitable consistent with the public interest for some other use, as determined by the board."

The Old Utility Shed, UK building #3783, was part of the original land acquisition by the University and has extensive rot degradation. It is obsolete relative to current farm operations, surplus to the needs of the University and the proposed disposal via landfilling is in the best interest of the Commonwealth.
