JANUARY 2024**

RECAP - PAYMENTWORKS 2018 THROUGH FALL 2022

PaymentWorks Onboarding Timeline - Profiles / Scenarios / Considerations

RECAP - FALL 2022: PAYMENTWORKS ONBOARDING / OVERVIEW

- Number PaymentWorks Invitations sent 2018-fall 2022: 34,200
- EOY Monthly (Apr/May/Jun) typically rises to: ~800 per month

RECAP - FALL 2022: KEY ISSUES AND CHALLENGES

Process Stakeholders

Department	Vendor	PaymentWorks	Procurement
------------	--------	--------------	-------------

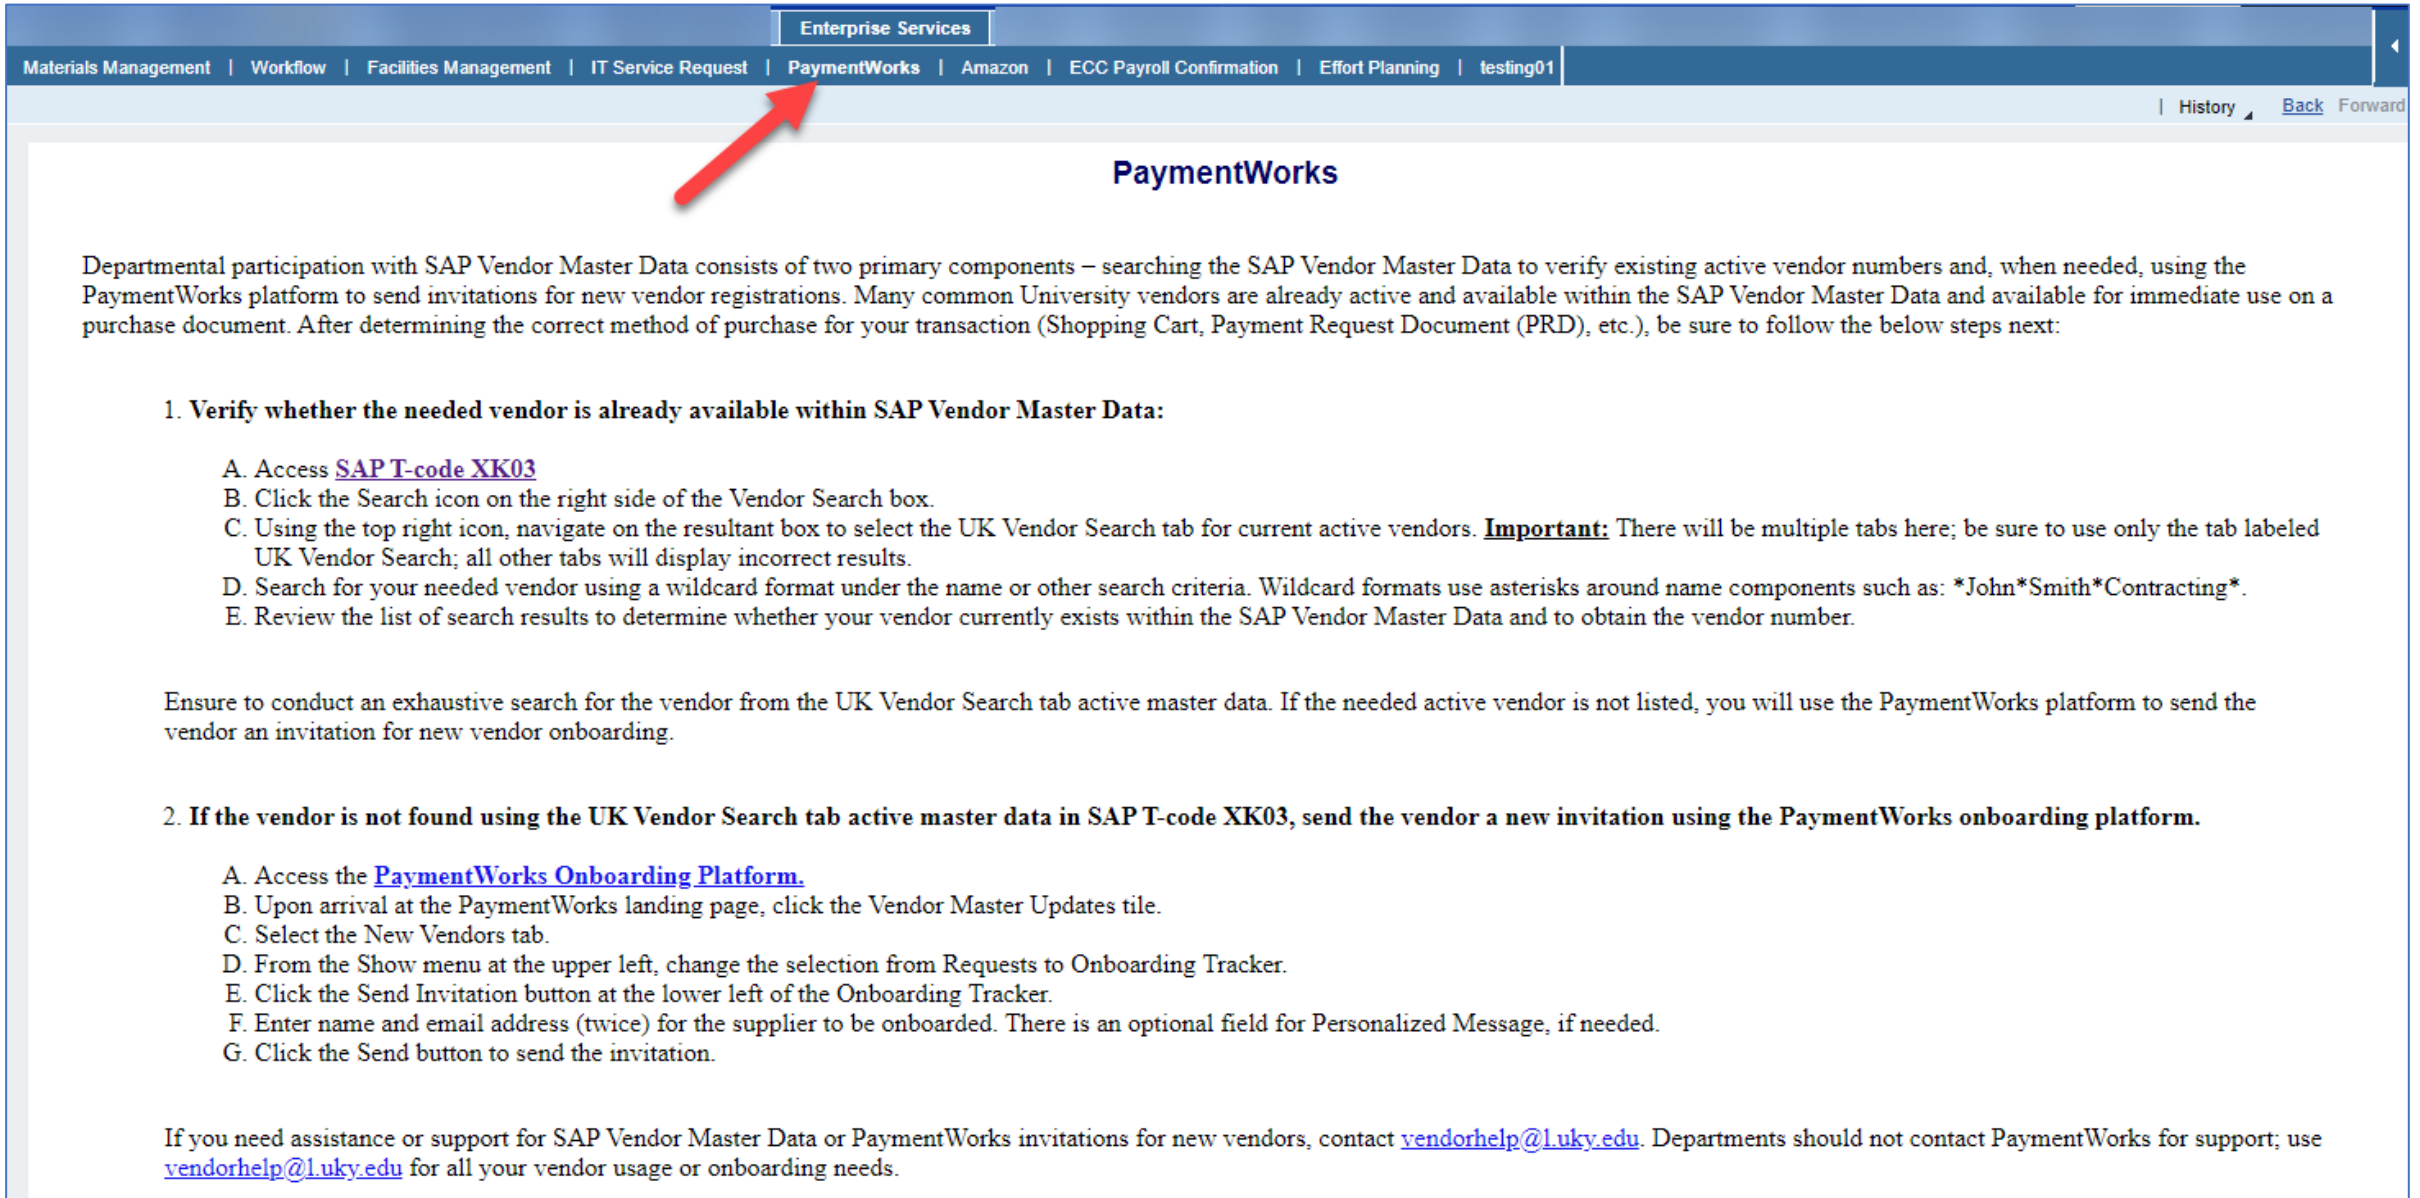

Characteristic	Status (As of Fall 2022, pre-revamp/transition)
Access (Dept)	Open-ended via myUK Enterprise Services tab, no formal role required, no potential to remove if needed
Training/working knowledge	No formal training required; Purchasing provides reference cards via website Some disconnect with SAP T-code related vendor lookups, occasional resistance to using available help resources
Role Boundaries	Not formally defined & misunderstood = potential for boundary violation
Onboarding scenarios	Increasing significantly
Vendor onboarding rate	Increasing to return of pre-pandemic rate
User count sending invites	Steady, but significant
Dept employee turnover	Increases rate of issues
Resources/Reference Materials	Vendorhelp email proven to be quality tool, but repetitive inquiries Current website materials need improved clarity, depth, and detail
Stakeholder frustration	Increasing based on above characteristics; creates delays, inefficiencies

UPDATE: REVAMP + TRANSITION COMPLETED JANUARY 2024

Revamp for PaymentWorks/Vendor Master Data (Dept) Users:

- Transition to role-based, similar to that of Shopper, Approver, Goods Confirmer
- New PaymentWorks tab assigned/removed per user; remains within Enterprise Services
- Course curriculum to maintain/receive the role/tab, 2 courses, ~30 mins each, myUK Learning:
 - Course 1 – FAST SAP Vendor Master Data and Onboarding (aka, “Concepts” course)
 - Course 2 – SAP Master Data and Onboarding – Technical
- Communicated via Purchasing listservs across summer into fall and late 2023/early 2024 + targeted emails to established 600+ PW users
- 1-17-24: ~450 employees took courses, received new tab

UPDATED PAYMENTWORKS LANDING PAGE 1-17-24

The screenshot shows a web application interface. At the top, there is a navigation bar with several menu items: 'Materials Management', 'Workflow', 'Facilities Management', 'IT Service Request', 'PaymentWorks', 'Amazon', 'ECC Payroll Confirmation', 'Effort Planning', and 'testing01'. The 'PaymentWorks' link is highlighted with a red arrow. To the right of the navigation bar, there are links for 'History', 'Back', and 'Forward'. Below the navigation bar, the main content area has the heading 'PaymentWorks'. The text below the heading explains the process of departmental participation with SAP Vendor Master Data and provides a list of steps to follow. The steps are numbered 1 and 2, with sub-steps A through G. The text is formatted with bold headings for the main steps and sub-steps, and includes links for 'SAP T-code XK03', 'PaymentWorks Onboarding Platform', and 'vendorhelp@1.uky.edu'.

History Back Forward

PaymentWorks

Departmental participation with SAP Vendor Master Data consists of two primary components – searching the SAP Vendor Master Data to verify existing active vendor numbers and, when needed, using the PaymentWorks platform to send invitations for new vendor registrations. Many common University vendors are already active and available within the SAP Vendor Master Data and available for immediate use on a purchase document. After determining the correct method of purchase for your transaction (Shopping Cart, Payment Request Document (PRD), etc.), be sure to follow the below steps next:

- 1. Verify whether the needed vendor is already available within SAP Vendor Master Data:**
 - A. Access [SAP T-code XK03](#)
 - B. Click the Search icon on the right side of the Vendor Search box.
 - C. Using the top right icon, navigate on the resultant box to select the UK Vendor Search tab for current active vendors. **Important:** There will be multiple tabs here; be sure to use only the tab labeled UK Vendor Search; all other tabs will display incorrect results.
 - D. Search for your needed vendor using a wildcard format under the name or other search criteria. Wildcard formats use asterisks around name components such as: *John*Smith*Contracting*.
 - E. Review the list of search results to determine whether your vendor currently exists within the SAP Vendor Master Data and to obtain the vendor number.

Ensure to conduct an exhaustive search for the vendor from the UK Vendor Search tab active master data. If the needed active vendor is not listed, you will use the PaymentWorks platform to send the vendor an invitation for new vendor onboarding.

- 2. If the vendor is not found using the UK Vendor Search tab active master data in SAP T-code XK03, send the vendor a new invitation using the PaymentWorks onboarding platform.**
 - A. Access the [PaymentWorks Onboarding Platform](#).
 - B. Upon arrival at the PaymentWorks landing page, click the Vendor Master Updates tile.
 - C. Select the New Vendors tab.
 - D. From the Show menu at the upper left, change the selection from Requests to Onboarding Tracker.
 - E. Click the Send Invitation button at the lower left of the Onboarding Tracker.
 - F. Enter name and email address (twice) for the supplier to be onboarded. There is an optional field for Personalized Message, if needed.
 - G. Click the Send button to send the invitation.

If you need assistance or support for SAP Vendor Master Data or PaymentWorks invitations for new vendors, contact vendorhelp@1.uky.edu. Departments should not contact PaymentWorks for support; use vendorhelp@1.uky.edu for all your vendor usage or onboarding needs.

USERS HAVE TWO CHOICES FOR ACTIVE VENDOR LOOKUP

PLATFORM OPTIMIZATION

- myUK Amazon Business provides a limited number of analytics licenses as part of its institutional membership
- Current/next project: Deploying and optimizing analytics licenses (high-level)
 - Potential license holders currently being identified at top of college, unit levels
 - Licenses in process of being assigned
 - Provide access to dashboards and metrics for college/unit Amazon transaction streams

PLATFORM OPTIMIZATION

Amazon Hierarchy and Departmental Grouping Schematic

College or unit	Name
College of Communication and Information	License Holder 1
	License Holder 2
College of Dentistry	License Holder 1
College of Design	License Holder 1
	License Holder 2
College of Education	License Holder 1

	License Holder 2
College of Fine Arts	License Holder 1
	License Holder 2
College of Health Sciences	License Holder 1
	License Holder 2
College of Law	License Holder 1
College of Nursing	License Holder 1
	License Holder 2

PLATFORM OPTIMIZATION – ADDITIONAL ANALYTICS DOWNLOADS

- License holders can also download/analyze raw data directly to their desktops, 50+ fields, very robust

The screenshot displays the Amazon Business Prime analytics dashboard. At the top, there is a navigation bar with the Amazon Prime logo, delivery location (Lexington 40506), a search bar, and a 'Shop the Business Savings Event' button. Below the navigation bar, the 'Business analytics' section is active, with 'Reports' selected. The 'Orders report' is displayed, showing a table of order data. The table has columns for Order Date, Order ID, Account Group, PO Number, Order Quantity, Order Subtotal, Order Shipping & Handling, Order Promotion, and Order Tax. The data rows show various orders from December 15, 2023, to December 16, 2023, with different account groups and quantities. A sidebar on the left provides options to filter, adjust columns, and get order documents. At the bottom of the table, there are navigation buttons for 'Previous page' and 'Next page'.

Order Date	Order ID	Account Group	PO Number	Order Quantity	Order Subtotal	Order Shipping & Handling	Order Promotion	Order Tax

NEXT STEPS – ANALYTICS LICENSES

- Final determination of Amazon analytics licenses users (in process)
- Online learning session soon extended to those users; how to use analytics tools
- New learning materials on Procurement Services Learning page, section C (done)
- Follow-up session, two months out with users
- Yearly check-in (are licenses still used/needed, assignment changes needed, etc.?)
 - Note: limited number of licenses; other units can request ad-hoc reports via amazon@l.uky.edu if needed
