Discussion Items

1. Leah Simpson, Office of Assessment, will address us regarding some critical assessment decisions that need to be made.
2. A final look at policy language to be submitted to Senate Council. What is IGEOC position on IGEOC Chair submitting proposed language pre-approval to college academic deans.
3. Revisit IGEOC position on reviewing courses from abroad for GEED credit but which are thought to satisfy a set of template outcomes.
4. What does it mean for a course to be changed? If existing course syllabus has been rearranged to show it meets Gen Ed requirements, should it go from IGEOC to UGC, or only to IGEOC?
5. When IGEOC or UGC finds missing syllabus items (e.g. missing behavior guidelines), should this be sent back to faculty member or should IGEOC or UGC just insert.
6. Creation of course descriptions for new courses. Should this be a priority to have these available as departments map out curriculum paths for their students?
