

UNIVERSITY OF
KENTUCKY®

see leadership

The University of Kentucky is in and of our host city of Lexington; but, through our multi-faceted mission of teaching, research, service and care, we are Kentucky. In both a physical presence at all of our extension centers and through the soulful work of our students, faculty and staff, we touch every corner of our state.

As the Commonwealth's flagship and land-grant research university, we have a bold mission to lead Kentucky and the region into the next century. We are among eight universities with colleges of Agriculture, Engineering, Medicine, and Pharmacy on a single campus.

Through our work, we have a direct impact on Kentucky's economy. We create new knowledge, fuel economic development, support business and industry, serve communities, heal the sick and improve the quality of life.

The following is a collage of data that illustrates our pivotal role in our state and regional economy.

Kentucky's \$284 million investment yields a \$2.7 billion academic, research, service and health care enterprise, including:

JOBS

UK has 12,343
full-time employees.

TAX REVENUE

Our workforce pays \$51.9
million in state income
taxes and \$27.4 million
in local payroll taxes.

WORKFORCE DEVELOPMENT

UK awards more than 6,000
degrees annually. The majority
are still living in Kentucky
five years later.
