   Proposed to be taught off campus? No
   If YES, enter the off campus address:

4. Are significant changes in content/student learning outcomes of the course being proposed? Yes
   If YES, explain and offer brief rational: Our program is moving to an apprentice model of research training in which each program faculty member mentors students' research skill development as part of the faculty members' on-going program of research. This seminar provides an organized structure for this mentorship. This change keeps us in compliance with our APA accreditation standards for competency-based education and our scientist-practitioner training model.
5a. Are there other depts. and/or pgms that could be affected by the proposed change?  No

If YES, identify the depts. and/or pgms:

5b. Will modifying this course result in a new requirement of ANY program?  Yes

If YES, list the program(s) here:  Counseling Psychology

6. Check box if changed to 400G or 500:  No

Hybrid:  No

1. How does this course provide for timely and appropriate interaction between students and faculty and among students? Does the course syllabus conform to University Senate Syllabus Guidelines, specifically the Distance Learning Considerations?

2. How do you ensure that the experience for a DL student is comparable to that of a classroom-based student's experience? Aspects to explore: textbooks, course goals, assessment of student learning outcomes, etc.

3. How is the integrity of student work ensured? Please speak to aspects such as password-protected course portals, proctors for exams at interactive video sites; academic offense policy; etc.

4. Will offering this course via DL result in at least 25% or at least 50% (based on total credit hours required for completion) of a degree program being offered via any form of DL, as defined above?

If yes, which percentage, and which program(s)?

5. How are students taking the course via DL assured of equivalent access to student services, similar to that of a student taking the class in a traditional classroom setting?

6. How do course requirements ensure that students make appropriate use of learning resources?

7. Please explain specifically how access is provided to laboratories, facilities, and equipment appropriate to the course or program.

8. How are students informed of procedures for resolving technical complaints? Does the syllabus list the entities available to offer technical help with the delivery and/or receipt of the course, such as the Information Technology Customer Service Center (http://www.uky.edu/UKIT)?

9. Will the course be delivered via services available through the Distance Learning Program (DLP) and the Academic Technology Group (ATL)?  NO

If no, explain how student enrolled in DL courses are able to use the technology employed, as well as how students will be provided with assistance in using said technology.

10. Does the syllabus contain all the required components?  NO
11.I, the instructor of record, have read and understood all of the university-level statements regarding DL.

| [Note: Use comment description regarding minor course change. Minor changes are sent directly from dean's office to Senate Council Chair. If Chair denies the change as “not minor,” the form will be routed appropriately to the Senate Council Chair or the appropriate administrative level for processing and contact person is informed.]
| [Courses are typically made effective for the semester following approval. No course will be made effective until all approvals are received.]
| [Signature of the chair of the cross-listing department is required on the Signature Routing Log.]
| [Removal of cross-listing does not drop the other course — it merely unlists the two courses.]
| [Generally, unlisted courses are developed such that one semester of credit represents 1 hr of classroom meeting per wk for a semester, exclusive of any lab meeting. Lab meeting gene at least two hrs per wk for a semester for 1 credit hour. (See SR 5.2.1.)]
| [You must also submit the Distance Learning Form in order for the course to be considered for DL delivery.]
| [In order to change a program, a program change form must also be submitted.]
Course description: This seminar provides structure for working with faculty advisors and peer colleagues to cultivate the research skills needed to create new knowledge related to research questions that are important to the field of counseling psychology and to the mission of social justice.

Prerequisites: Enrollment in the counseling psychology program and permission of instructor.

Doctoral Program of Study Requirement: Doctoral students must complete 4 semesters of Doctoral Research Seminar (1 credit hour each) and achieve a grade of B or above in each.

Learning Objectives: Students will acquire research skills related to
(1) locating, synthesizing and critiquing the scholarship in an area of research, (GOC 2.1.4)
(2) designing and carrying out an empirical study, (GOC 2.1.4; GOC 2.2.4)
(3) collaborating with a research team, (GOC 3.4.2)
(4) providing and responding to peer and supervisor feedback, (GOC 3.4.2)
(5) writing clearly and succinctly in an academic style for publication and presentation (GOC 3.2.3)

Learning Activities: Doctoral students in Counseling Psychology are expected to:
(1) Submit an individual contract for research goals/activities for the semester (see template below).
(2) Attend all scheduled research meetings.
(3) Meet all deadlines for research assignments.
(4) Meet requirements for Research Portfolio no later than the conclusion of the 4th Doctoral Research Seminar.
(5) Attend at least one dissertation defense and/or one research presentation during the semester.
(6) Meet additional requirements as specified by the instructor.

Tentative Schedule of Research Meetings
The [name] research team meets on [date/time]. Students are expected to attend all scheduled meetings.

Course Grading: Seminar grades are based on attendance (25%), participation in seminar meetings (10%), on ability to meet deadlines (10%), and on quality of individual research products as contracted with the instructors (55%).

Grading scale for graduate students (no D for Grad Students):
90-100% = A
80 - 89% = B
70 - 79% = C
Excused Absences
Students need to notify the professor of absences prior to class when possible. Senate Rules 5.2.4.2 defines the following as acceptable reasons for excused absences: (a) serious illness, (b) illness or death of family member, (c) University-related trips, (d) major religious holidays, and (e) other circumstances found to fit "reasonable cause for nonattendance" by the professor.

Students anticipating an absence for a major religious holiday are responsible for notifying the instructor in writing of anticipated absences due to their observance of such holidays no later than the last day in the semester to add a class. Two weeks prior to the absence is reasonable, but should not be given any later. Information regarding major religious holidays may be obtained through the Ombud (859-257-3737, http://www.uky.edu/Ombud/ForStudents_ExcusedAbsences.php.

Students are expected to withdraw from the class if more than 20% of the classes scheduled for the semester are missed (excused) per University policy.

Per Senate Rule 5.2.4.2, students missing any graded work due to an excused absence are responsible: for informing the Instructor of Record about their excused absence within one week following the period of the excused absence (except where prior notification is required); and for making up the missed work. The professor must give the student an opportunity to make up the work and/or the exams missed due to an excused absence, and shall do so, if feasible, during the semester in which the absence occurred.

Verification of Absences
Students may be asked to verify their absences in order for them to be considered excused. Senate Rule 5.2.4.2 states that faculty have the right to request “appropriate verification” when students claim an excused absence because of illness, or death in the family. Appropriate notification of absences due to University-related trips is required prior to the absence when feasible and in no case more than one week after the absence.

Academic Integrity
Per University policy, students shall not plagiarize, cheat, or falsify or misuse academic records. Students are expected to adhere to University policy on cheating and plagiarism in all courses. The minimum penalty for a first offense is a zero on the assignment on which the offense occurred. If the offense is considered severe or the student has other academic offenses on their record, more serious penalties, up to suspension from the University may be imposed.

Plagiarism and cheating are serious breaches of academic conduct. Each student is advised to become familiar with the various forms of academic dishonesty as explained in the Code of Student Rights and Responsibilities. Complete information can be found at the following website: http://www.uky.edu/Ombud. A plea of ignorance is not acceptable as a defense against the charge of academic dishonesty. It is important that you review this information as all ideas borrowed from others need to be properly credited.

Senate Rules 6.3.1 (see http://www.uky.edu/Faculty/ senate/ for the current set of Senate Rules) states that all academic work, written or otherwise, submitted by students to their instructors or other academic supervisors, is expected to be the result of their own thought, research, or self-
expression. In cases where students feel unsure about a question of plagiarism involving their work, they are obliged to consult their instructors on the matter before submission.

When students submit work purporting to be their own, but which in any way borrows ideas, organization, wording, or content from another source without appropriate acknowledgment of the fact, the students are guilty of plagiarism.

Plagiarism includes reproducing someone else's work (including, but not limited to a published article, a book, a website, computer code, or a paper from a friend) without clear attribution. Plagiarism also includes the practice of employing or allowing another person to alter or revise the work, which a student submits as his/her own, whoever that other person may be. Students may discuss assignments among themselves or with an instructor or tutor, but when the actual work is done, it must be done by the student, and the student alone.

When a student's assignment involves research in outside sources or information, the student must carefully acknowledge exactly what, where and how he/she has employed them. If the words of someone else are used, the student must put quotation marks around the passage in question and add an appropriate indication of its origin. Making simple changes while leaving the organization, content, and phraseology intact is plagiaristic. However, nothing in these Rules shall apply to those ideas, which are so generally and freely circulated as to be a part of the public domain.

Please note: Any assignment you turn in may be submitted to an electronic database to check for plagiarism.

**Accommodations due to disability**

If you have a documented disability that requires academic accommodations, please see me as soon as possible during scheduled office hours. In order to receive accommodations in this course, you must provide me with a Letter of Accommodation from the Disability Resource Center (DRC). The DRC coordinates campus disability services available to students with disabilities. It is located on the corner of Rose Street and Huguelet Drive in the Multidisciplinary Science Building, Suite 407. You can reach them via phone at (859) 257-2754 and via email at drc@uky.edu. Their web address is [http://www.uky.edu/StudentAffairs/DisabilityResourceCenter/](http://www.uky.edu/StudentAffairs/DisabilityResourceCenter/).
