2. General Education Curriculum for this Program:

The new General Education curriculum is comprised of the equivalent of 30 credit hours of course work. There are, however, some courses that exceed 3 credits & this would result in more than 30 credits in some majors.

- There is no foreign language requirement for the new Gen Ed curriculum.
- There is no General Education Electives requirement.

Please list the courses/credit hours currently used to fulfill the University Studies/General Education curriculum:

Please identify below the suggested courses/credit hours to fulfill the General Education curriculum.

General Education Area	Course	Credit Hrs
I. Intellectual Inquiry (one course in each area)		
Arts and Creativity	<u>no suggested course</u>	<u>3</u>
Humanities	<u>no suggested course</u>	<u>3</u>
Social Sciences	<u>no suggested course</u>	<u>3</u>
Natural/Physical/Mathematical	<u>no suggested course</u>	<u>3</u>
II. Composition and Communication		
Composition and Communication I	CIS or WRD 110	3
Composition and Communication II	CIS or WRD 111	3

¹ Prior to filling out this form, you MUST contact the Associate Provost for Academic Administration (APAA). If you do not know the CIP code, the (APAA) can provide you with that during the contact.

² Program changes are typically made effective for the semester following approval. No program will be made effective until all approvals are received.

14. Rationale for Change(s) – if rationale involves accreditation requirements, please include specific references to that.

The Biology department has changed the pre-requisite requirements for BIO 152. Students must now take BIO 148 before they can take BIO 152. Therefore, we have added BIO 148 as a pre-major requirement.

We would like to give students the option who start the ESMA chemistry requirement in CHE 105 the opportunity to complete the program's chemistry requirement with CHE 108.

EQM 300: Special Topics in ESMA is a newly approved course and will allow additional equine focused courses within the areas of emphasis. This will take advantage of professional expertise that supports the student's plan of study.

15. List below the typical semester by semester program for the major. If multiple options are available, attach a separate sheet for each option.
