

CHANGE MINOR

Once approved at the college level, your college will send the proposal to the appropriate Senate academic council (HCCC and/or UC) for review and approval. Once approved at the academic council level, the academic council will send your proposal to the Senate Council office for additional review and then a 10-day posting online, during which senators review on their own and have an option to register an objection if they so desire. If no objection is raised to the Senate Council Office within ten days of the posting the proposal, then the program change is approved. The Senate Council Office will report approvals to the Provost, Registrar and other appropriate entities, including the contact person.

For each proposed change, you MUST also include the existing requirement.

The Academic Minor

Many departments have designed academic minors for the convenience of undergraduate students.

A minor is a structured group of courses that leads to considerable knowledge and understanding of a subject, although with less depth than a major. Some employers consider minors desirable, and the corresponding major requirements at the University may stipulate a minor. Some students choose to complement their major program with a minor in a related field or even in an entirely different field of interest. Students interested in pursuing an academic minor should contact their college dean's office and the department responsible for the minor program for guidance and advising.

Please note that undergraduate students can only complete a minor *in addition to* and as a *complement to* a major. The University does not award stand-alone minors.

Minor in Information Studies

The minor in Information Studies requires 18 hours of course work including the following:

IS 200 Information Literacy and Critical Thinking	3
ICT 201 Personal Knowledge Management	3
IS 202 Technologies for Information Services	3

Minor Electives

Choose **three** courses in conjunction with your advisor:

IS 303 Systems Analysis	3
IS 326 Electronic Information Resources for Health Professionals	3
IS 327 Consumer Health Information Seeking	3
IS 402 Competitive Intelligence	3

Hi Tammy,

Please see below:

The ICT faculty met on January 11, 2019 for their regular faculty meeting. The motion was made to approve adding the courses below to the information studies minor:

ICT 311 Introduction to Information Science
ICT 320 Information Architecture
ICT 325 Multimedia and Technology

The motion passed, unanimously, with a vote of 7-0.

Thanks,
Jeff Huber

Hi Will – Yes, we do need to include those minutes as part of the proposal as well. Do you have a PDF from the faculty meeting yesterday showing that vote on the courses for the minor? We either need those minutes or an email from the Department Chair identifying the motion and vote. The Senate is now requiring numbers with that “unanimous” vote so we would need that as part of the minutes/email as well. Thanks for getting that vote – with those minutes/email, we can get the minor proposal moving forward to the next level of approval. Thanks, Tammy
