12 September 2001

Michael Nietzel, Provost
University of Kentucky
Gillis Building
CAMPUS 0033

Dear Mike:

Enclosed find the proposal to change the name of the Department of Microbiology and Immunology to the Department of Microbiology, Immunology and Molecular Genetics.

The Senate Committee on Academic Organization and Structure recommended the change and the University Senate approved it on 10 September. It is forwarded to you for Board consideration.

If you have questions or need additional information, let me know.

Sincerely,

William H. Fortune
Chair, Senate Council
