Subject: Suspension, Medical Behavior Science Graduate Certificate

This is a recommendation that the University Senate approve the suspension of admission into an existing graduate certificate: Medical Behavioral Science, in the Department of Behavioral Science within the College of Medicine.

TO: Cleo Price, Assistant Dean
Graduate School
FROM: Anita Fernander, Ph.D., Director of Graduate Studies
College of Medicine, Department of Behavioral Science
DATE: February 8, 2013
RE: Suspension of Medical Behavioral Science Certificate Program

Per the direction of Associate Dean Brian Jackson I am sending you notification that the Department of Behavioral Science would like to temporarily suspend the Medical Behavioral Science Certificate Program. We would like to reserve the right to reinstate the program as needed in the future and are requesting that all formal approval processes that have been conducted previously remain in place.

If there is any additional information or clarification needed on this issue please do not hesitate to contact me.

Regards,

A handwritten signature in black ink, appearing to read 'Anita Fernander'. The signature is fluid and cursive, with a long, sweeping tail that extends to the right.

Anita F. Fernander
