

**[SNIPPET OF]
Minutes SREC April 8, 2015**

Present: Gail Brion, Roger Brown, Bob Grossman, Joan Mazur, Kaveh Tagavi, Connie Wood

The SREC discussed several matters referred it by the Senate Council. The recommendations and rationale are given below.

2. Undergraduate Certificates

Recommendation: The following Interpretation be inserted at the end of SR 4.2.8, concerning Undergraduate Certificates:

“*Students enrolled in graduate degree programs or professional programs may pursue an undergraduate certificate program.”

Rationale: The Registrar’s Office posed the question “must a student have a degree at the same level as the certificate; is a higher level degree appropriate for the issuance of a lower level.” The committee determined that the existing description of who is eligible to pursue an undergraduate certificate did not intend to prohibit either students enrolled in a graduate degree program or students enrolled in a professional program from pursuing an undergraduate certificate.
