**Subject:** RE: US\_Meeting Reminder and Agenda for Monday

Sheila,

Can we please be informed why the University Senate agenda consistently fails to comply with the format dictated by Roberts Rules of Order. I am particularly disturbed by the absence of the "New Business" category and by the precedence given to presentations over "business" (old or new). Finally, I would like to know why the chair feels free to ignore Roberts Rules without the consent or approval of the Senate, and why the parliamentarian allows this.

Rather than respond to me, I would like the explanation to be given to the entire University Senate.

Thank you.
