

SUSPENSION/DELETION OF A PROGRAM

College Agriculture Date 01/30/2006

Department (Unit) Nutrition and Food Science MAJOR CODE _____

Name of Program Minor in Nutrition CIP _____

Nature of action (mark one) Suspension Deletion

Reason for suspension/deletion

NFS faculty reviewed the minor in nutrition and recommend it be suspended until we can offer a minor with sufficient breadth and depth to adequately complement other areas of study. Requests for this minor are not substantial.

What provisions are being made for students already in the program?
Students currently enrolled in this program will be allowed to complete the minor.

Will another degree program replace the one suspended or deleted? Yes No
If yes, please describe the new program.

Will courses connected with the program also be deleted? Yes No
If yes, forms for dropping a course or courses should be attached.

Date at which suspension/deletion will take effect. Fall 2007

Re: Suspension of Minor in Nutrition

The College of Agriculture is forwarding the following curriculum proposal.

1. A suspension of the minor in Nutrition. The department has reviewed this minor and is not in favor of continuing it. They feel that, with the heavy enrollment of undergraduates in the BS programs in Dietetics and Nutrition and their relatively small faculty, they are not able to provide the depth and breadth in the minor to the extent that they would like. They will reconsider making this minor available at a later date.

This change was approved unanimously by the College of Agriculture UG Curriculum Committee on 10/31/2007 and by the College Faculty on 12/6/2007.

Thank you for your assistance.
