i. Current Course Description for Bulletin:

An in-depth study of the history and structure of Russian in a variety of textual contexts. Historical changes that have led to significant contemporary features will be emphasized. Taught in Russian.

3. Currently, is this course taught off campus? 
   Yes No 
   * Proposed to be taught off campus? 
     Yes No 
     If YES, enter the off campus address: 

4. Are significant changes in content/student learning outcomes of the course being proposed? 
   Yes No 
   If YES, explain and offer brief rationale: 
   This is a course in Russian linguistics. The change in the course description more accurately reflects what 
   will be taught in the course while providing instructors with the flexibility to focus on a variety of 
   specific topics that fit under the rubric of the linguistic structure of Russian such as syntax, phonology, 
   morphology, or semantics. In addition, given the variety of topics that fit under this rubric, students 
   should be able to avail themselves to taking the course for up to 6 credits given that it will cover 
   different elements of Russian linguistic structure each time it is taught.

5. Course Relationship to Program(s). 
   a. Are there other depts and/or pgms that could be affected by the proposed change? 
      Yes No 
      If YES, identify the depts. and/or pgms: 

   b. Will modifying this course result in a new requirement for ANY program? 
      Yes No 
      If YES, list the program(s) here: 

6. Information to be Placed on Syllabus. 
   a. Check box if changed to 400G or 500. 
      If changed to 400G- or 500-level course you must send in a syllabus and you must include the differentiation between 
      undergraduate and graduate students by: (i) requiring additional assignments by the graduate students; and/or (ii) 
      establishing different grading criteria in the course for graduate students. (See SR 3.1.4.) 

---

See comment description regarding minor course change. Minor changes are sent directly from dean’s office to Senate Council Chair. If Chair deems the change as “not minor,” the form will be sent to appropriate academic Council for normal processing and contact person is informed. 

Courses are typically made effective for the semester following approval. No course will be made effective until all approvals are received. 

Signature of the chair of the cross-listing department is required on the Signature Routing Log. 

Removing a cross-listing does not drop the other course – it merely unlinks the two courses. 

Generally, undergrad courses are developed such that one semester hr of credit represents 1 hr of classroom meeting per wk for a semester, exclusive of any lab meeting. Lab meeting generally represents at least two hrs per wk for a semester for 1 credit hour. (See SR 5.2.1.) 

You must also submit the Distance Learning Form in order for the course to be considered for DL delivery. 

In order to change a program, a program change form must also be submitted.

**Graduate Students** will have additional readings to which they will respond in writing. These responses, Reading Responses, are 10% of final grade. Readings will be discussed and determined
the first of class. In addition, Graduate students will complete a short literature survey on a
research topic of their choice. This must be approved by the professor prior to Spring Break.

**Reading Assignments:** You are responsible for the assignments given below in the daily syllabus.
You should read the material BEFORE the class in which we will cover it, so that you will be
prepared to discuss it. Not being prepared will adversely affect your class participation grade,
which will be assessed daily through graded in-class writing and discussion assignments. The
material in the readings/viewings is only the basis for class discussion. Therefore, you are also
responsible for the material covered in class, which may not be in the readings/viewings.

**Class Participation:** Along with regular attendance, I expect your regular and full participation in
classroom discussions. Needless to say, your ability to participate regularly and fully in class
discussions will be greatly improved by your conscientious preparation of the required readings
BEFORE the session in which we will discuss it. Not being prepared will adversely affect your class
participation grade, which will be assessed daily through graded in-class writing and discussion
assignments. Class participation will be assessed as follows:

<table>
<thead>
<tr>
<th>Score</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>5</td>
<td>Student is completely prepared to answer or attempt to answer all questions (written or oral) and participate in the discussion/in-class exercises actively and thoughtfully (and considerately).</td>

</tr>
<tr>

</tr>
<tr>

</tr>
</tbody>
</table>

**Attendance:** Attendance is mandatory. More than two unexcused absences will lower your grade
by one full letter grade. Continued unexcused absences (0 on class participation) will be calculated
on the basis of the reduced letter grade. If you miss a class session for any reason, it is your
responsibility to find out what was covered in that session and ensure that you understand the
material covered. Get notes from your classmates and/or come to see me to find out what you
missed. In addition, I expect everyone to come to class on time and to stay for the full duration of
the class session. If you are absent from class for one of the following reasons on a day when an
assignment is collected, you must make arrangements with me within one week of your absence to
arrange for making up that work and bring appropriate documentation of the reason you missed
class. If you are absent from class for any other reason on a day when an assignment is collected,
you will not be allowed to make up that work and it will be assigned a grade of "0" ("zero").

**Making up missed work:** Make-up work will only be allowed when the work is missed for one of
the reasons listed in University Faculty Senate Rule 5.2.4.2 5.2.4.2 Excused Absences [US:
11/11/85; 2/9/87; 4/12/04] A student shall not be penalized for an excused absence. The
following are defined as excused absences:

A. Significant illness of the student or serious illness of a member of the student's household
(permanent or campus) or immediate family. The Instructor of Record shall have the right to
request appropriate verification.
B. The death of a member of the student's household (permanent or campus) or immediate family.
The Instructor of Record shall have the right to request appropriate verification. For the purpose of
this rule, immediately family is defined as spouse or child or parent (guardian) or sibling (all of the
previous include steps, halves and in-laws of the same relationship); and grandchild or grandparent
C. Trips for members of student organizations sponsored by an educational unit, trips for University
classes, and trips for participation in intercollegiate athletic events, including club sports registered with the university as well as varsity sports. When feasible, the student must notify the Instructor of Record prior to the occurrence of such absences, but in no case shall such notification occur more than one week after the absence. Instructors of Record may request formal notification from appropriate university personnel to document the student’s participation in such trips.

D. Major Religious Holidays. Students are responsible for notifying the Instructor of Record in writing of anticipated absences due to their observance of such holidays no later than the last day for adding a class.

E. Any other circumstances which the Instructor of Record finds reasonable cause for absence. [US: 4/23/90]

Students missing any graded work due to an excused absence bear the responsibility of informing the Instructor of Record about their excused absence within one week following the period of the excused absence (except where prior notification is required), and of making up the missed work. The Instructor of Record shall give the student an opportunity to make up the work and/or the exams missed due to an excused absence, and shall do so, if feasible, during the semester in which the absence occurred. [US: 11/10/85 and RC: 11/20/87] If attendance is required by the class policies elaborated in the syllabus or serves as a criterion for a grade in a course, and if a student has excused absences in excess of one-fifth of the class contact hours for that course, a student shall have the right to petition for a "W", and the Instructor of Record may require the student to petition for a "W" or take an "I" in the course. [US: 2/9/87; RC: 11/20/87] * If a student has an excused absence on a day when a quiz is given, the instructor may not deny permission for a makeup exam and simply calculate the student’s grade on the basis of the remaining requirements. [RC: 8/20/87]

**Homework:** You will write weekly homework related to the topic(s) we are discussing. These will be either exercises in the books or analysis of the material under discussion in Baranskaia’s Неделя как неделя (or both). During the phonetics section (and once a month thereafter), you will submit oral recordings for assessment.

Homework will be assessed as follows:

5  Student demonstrates complete mastery of all the required criteria.
4  Student demonstrates partial mastery of all the required criteria.
3  Student demonstrates minimal, yet acceptable mastery of the required criteria.
2  Student demonstrates insufficient mastery of the required criteria.
0  Assignment not completed

**Final Exam:** The written portion of the final take home exam will be due at 1 p.m. on Thursday, 5/7/15. From 1-3 p.m. that day, you will give your final oral presentation on some topic of your choice. **Note:** Graduate students will have more extensive final written and oral exam assignments than undergraduates in the class.

**Cheating and Plagiarism:** I expect all work that you submit for a grade produced on your own. This does not mean that you cannot study with a friend or in study groups, but it does mean that the work that you submit must not be the product of collaboration with others or stolen from someone else. **You may work together on the assignments, but once you begin writing the answer, no consultation with others is permitted.** The minimum penalty for handing in an assignment any part of which is copied from another student or from another source or from which another student is allowed to copy is an E for the course. Here, for your reference, are the official definitions of plagiarism and cheating from the University Faculty Senate Rules (September
"6.3.1 Plagiarism

All academic work, written or otherwise, submitted by students to their instructors or other academic supervisors, is expected to be the result of their own thought, research, or self-expression. In cases where students feel unsure about a question of plagiarism involving their work, they are obliged to consult their instructors on the matter before submission.

When students submit work purporting to be their own, but which in any way borrows ideas, organization, wording or anything else from another source without appropriate acknowledgment of the fact, the students are guilty of plagiarism. Plagiarism includes reproducing someone else's work, whether it be published article, chapter of a book, a paper from a friend or some file, or whatever. Plagiarism also includes the practice of employing or allowing another person to alter or revise the work which a student submits as his/her own, whoever that other person may be. Students may discuss assignments among themselves or with an instructor or tutor, but when the actual work is done, it must be done by the student, and the student alone. When a student's assignment involves research in outside sources or information, the student must carefully acknowledge exactly what, where and how he/she has employed them. If the words of someone else are used, the student must put quotation marks around the passage in question and add an appropriate indication of its origin. Making simple changes while leaving the organization, content and phraseology intact is plagiaristic. However, nothing in these Rules shall apply to those ideas which are so generally and freely circulated as to be a part of the public domain."

E-mail: You must have a UK e-mail account; I will use that account for communication related to this class.

Classroom Etiquette: Students are expected to behave with respect toward other students and to the professor. You should not talk over others, insult them or their ideas, raise your voice, sleep, write in your planner, do puzzles, read newspapers or other material unrelated to the class. These behaviors will not only result in a reduced class participation grade, but if persistent, will result in consultation with the Dean of Students, which may result in removal from the class.

Lateness will not be tolerated. If you are not in the classroom when class begins, you will lose class participation points for each instance. After two instances of lateness, you will receive a 0 in class participation for any further instances of lateness.

You may not use cell phones, tablets or computers (exceptions will be made for students with a disability who provide proper documentation or when we are discussing online material). If I see or hear a cell phone or computer (or any other electronic device) or see a website not associated with the discussions at hand on your desktop, students will receive a 0 for class participation that day.

Disability Policy: If you have a documented disability that requires academic accommodations, please see me as soon as possible during scheduled office hours. In order to receive accommodations in this course, you must provide me with a Letter of Accommodation from the Disability Resource Center (DRC). The DRC coordinates campus disability services available to students with disabilities. It is located on the corner of Rose Street and Huguelet Drive in the Multidisciplinary Science Building, Suite 407. You can reach them via phone at (859) 257-2754 and via email at drc@uky.edu. Their web address is http://www.uky.edu/StudentAffairs/DisabilityResourceCenter/.
Expectations from the professor: This class requires daily reading, writing and class participation. I have high standards for my classes and for my students. I also have high standards for myself.

I will return your assignments, graded and with comments, within a week. In order for you to have the weekend to work on the material, they are generally due on Tuesdays. As a result, I cannot have them read the same week, since I also need a weekend to grade.

I will be at my office hours. If I have to cancel office hours, I will email changes and will offer alternate times to ensure that I am in my office at least 2 hours a week.

I will make appointments with you if you cannot meet with me during office hours and will always try to answer questions in class and outside of it.

I will be flexible regarding deadlines (within reason), but a majority of the class must agree for a deadline to be changed. Once a deadline is set, you should expect all work to be due by class. I will not accept any work that is late, even by five minutes.
