TIMELINE

Ad Hoc Committee on *Administrative Regulations 6:2* ("Policy and Procedures for Addressing and Resolving Allegations of Sexual Assault, Stalking, Dating Violence, and Domestic Violence")

Friday, June 17, 2016

At the annual summer retreat, during discussion around the faculty trustee update, SC discussed issues surrounding *AR 6:2*. Discussion focused specifically on the lack of faculty participation in the decision-making process regarding *AR 6:2*, as well as UK's lack of adherence to the rule regarding consultation with appropriate stakeholders when regulations are proposed and changed *AR 1:6* ("Formulation and Issuance of University Governing Regulations and Administrative Regulations").

Motion moved, seconded, and approved by SC with none opposed: that the SC form a joint committee with the Staff Senate and Student Government Association to review the appendix to *Administrative Regulations 6:2* ("Policy and Procedures for Addressing and Resolving Allegations of Sexual Assault, Stalking, Dating Violence, and Domestic Violence") and offer suggestions and advice regarding possible modifications to each body's respective executive body.

Monday, September 19, 2016

SC Chair noted during "minutes and announcements" that President Capilouto intended to send an email to all campus regarding a faculty hiring questionnaire. During the discussion on *AR 6:2*, SC further discussed issues for the ad hoc committee to review, as well as identified faculty members who could serve.

Friday, October 28, 2016

Inaugural meeting of ad hoc committee. Subsequent to this date, the ad hoc Committee met weekly.

Monday, December 19, 2016

SC discussed *AR 6:2* and *AR 6:1* ("Policy on Discrimination and Harassment"). The concern was that *AR 6:1* does not include a faculty panel to which the accused can appeal. It defines the prohibited acts but no detail is provided regarding the procedure for punishment or appeals. Some investigations involving faculty can fall subject to this *AR*.

Motion moved, seconded, and approved by SC with none opposed: that the SC expand the charge of the ad hoc Committee on *AR 6:2* to also include a review of *AR 6:1*.

Monday, August 28, 2017

SC scheduled to discuss report from ad hoc Committee.
