**Cc:** Bosch, Anna  
**Subject:** Confirmation of Not Having a USP Proposal

### Confirmation of *Not Having* a USP Proposal

*Rationale for bundling: The following University Scholars Programs have been in existence at some point in years past. There is no documentation that they were approved by the University Senate. As part of the USP clean-up process approved by Senate in May 2017, departments were given the opportunity to submit their USPs for senate approval. The following have chosen to NOT have an approved USP.*

- Chemistry
- Geography

This is a recommendation that the University Senate confirms that University Scholars Programs in the Department of Chemistry and in the Department of Geography, both within the College of Arts & Sciences, do not exist.

Thanks! Margaret
