Proposed Suspension of Master of Mining Engineering: Mining Engineering

This is a recommendation that the University Senate approve the suspension of admission into an existing graduate program: Master of Mining Engineering in Mining Engineering in the Department of Mining Engineering in the College of Engineering.

Rationale:

The program is not currently being used and there are no students in the program.

Roshan,

I was recently asked about the status of the suspension of Master of Mining Engineering. In looking at my notes, the College approved it on September 17, 2015. I made a note to send out the suspension and for some reason, failed to follow through.
