

The SAASC convened on Thursday, February 7, 2019 to consider a proposal from the College of Health Sciences, Department of Clinical Sciences to suspend admissions and close the MS-GS degree program.

Attendance on February 7: Susan Effgen, Shawn Caudill, Azhar Swanson, Herman Farrell (Chair)

Procedure:

Azhar Swanson acted as facilitator of the proposal.

Discussion:

As note in the proposal, “Admissions has been suspended for more than 5 years. Students have not been enrolled in more than 5 years in this program. Suspension of this program is the result of an SAP audit/review. This program/degree has been inactive and we are requesting formal removal/suspension.”

The Chair noted that the proposal is not asking for the suspension of the MS-GS degree program but its closure. It was noted that there have been no students enrolled in the certificate for over five years. In light of this fact the committee members expressed support for closure. The Chair noted that closure of an educational program requires an open hearing and disclosure requirements, according to Senate Rule 3.4.2.B.2. but that these requirement should be waived by the University Senate in light of the fact that no students have been enrolled in the Certificate in two decades.

It was also noted that the “Suspension Admissions” Form that we reviewed does not include a date or contact person indicating approval of the Graduate Council but that there is an email from Roshan Nikou, Graduate Council Coordinator, dated October 30, 2018 that indicates that the GC approved “Combined Suspended Admissions” on that date. Azhar Swanson confirmed with Roshan Nikou that this proposal was approved by the GC.

Vote:

A motion was made and seconded that the SAASC approve the proposal closure of the MS-GC degree program and requests that, for this proposal, the University Senate waive the open hearing and disclosure requirements that are set forth in SR 3.4.2.B.2.

There was no quorum but the members present (3 members and the chair voted 4 in favor, 0 opposed. The chair then sent an email to the absent members of the committee asking them to review the proposal and vote. 2 voted in favor, 0 opposed, 2 did not vote. Total: 6 in favor, 0 opposed, 2 did not vote.

RE: College of Health Sciences Program Inventory

Attached is a request to suspend multiple courses in the College of Health Sciences. The 3 degree programs are listed below. This is the result of an administrative cleanup of SAP. The attached documentation outlines the rationale for the change and the support from both Colleges and affiliated faculty. The proposal has been approved at the Department and College levels.

SUSPEND ADMISSIONS TO AN EXISTING DEGREE PROGRAM/CERTIFICATE

The faculty of the college in which a degree program resides may opt to suspend admissions for up to one year without going through the University Senate, pursuant to the established college faculty rules document. A college faculty may opt to have an issue concerning temporary suspension of admissions to an academic program forwarded to the Senate Council for Senate consideration.

The decision to suspend admissions to a Senate-approved academic program for longer than a single year is a significant reduction, which must be approved by the Senate. After five years of suspension, the Council on Postsecondary Education (CPE) considers the program to be closed and no students will be admitted. After the CPE designates a program as “closed” any attempt by the department to resurrect that program will be treated as a new program proposal.

Once approved at the college level, your college will send the proposal to suspend admissions to the appropriate Senate academic council (Health Care Colleges Council, Graduate Council, Undergraduate Council) for review and approval. Once approved at the academic council level, the academic council will send your proposal to the Senate Council office for additional review via a committee and then to the Senate for approval. Once approved by the Senate, the Senate Council office will notify appropriate entities, including the Registrar’s office. The contact person listed on the form will be informed when the proposal has been sent to committee and other times as appropriate.

SECTION A – INFORMATION REQUIRED BY UNIVERSITY SENATE

³ Suspensions of admissions are typically made effective for the semester following approval. No action will be made effective unless all approvals, up through and including Board of Trustees and CPE approval, are received.

SUSPEND ADMISSIONS TO AN EXISTING DEGREE PROGRAM/CERTIFICATE

2a	What is the rationale for suspension of admissions? If an accrediting body recommended this suspension, note that and append that report to the end of this form.(450 word limit)				
	Suspending the program because it is no longer offered in the College of Health Sciences. In addition, the suspension and removal of the program provides the opportunity to correct information in SAP to more clearly reflect the status and organization structure of the College.				
2b	Is the degree for which admissions will be suspended a master’s degree and is there an associated PhD program?				Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
	If “Yes,” should the master’s degree now serve as an <i>en passant</i> option ⁴ for students who are unable to complete the associated PhD? (150 word limit)				Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
	If “Yes,” describe the associated PhD and how the <i>en passant</i> master’s degree will be administered.				
2c	Provide an explanation for the proposed suspension of admissions. (450 word limit)				
	<i>Admission has been suspended for more than 5 years. Students have not been enrolled in more than 5 years in this program. Suspension of this program is the result of an SAP audit/review. This program/degree has been inactive and we are requesting formal removal/suspension. This action will result in a more accurate depiction of programmatic offerings in our College and UK at large.</i>				
2d	What provisions are being made for students already in the program? (300 word limit)				
	There are no students in this program.				
2e	Describe enrollment in the program below, for the last five years.				
	1 year ago:	2 years ago:	3 years ago:	4 years ago:	5 years ago:
	Year: 2016	Year: 2015	Year: 2014	Year: 2013	Year: 2012
	Enrollment: 0	Enrollment: 0	Enrollment: 0	Enrollment: 0	Enrollment: 0
2f	Describe graduation rates in the program below, for the last five years.				
	1 year ago:	2 years ago:	3 years ago:	4 years ago:	5 years ago:
	Year: 2016	Year: 2015	Year: 2014	Year: 2013	Year: 2012
	Grad rate: 0	Grad rate: 0	Grad rate: 0	Grad rate: 0	Grad rate:0
2g	Will another degree replace the program being suspended (i.e. a new program or a changed program)?				Yes ⁵ <input type="checkbox"/> No <input checked="" type="checkbox"/>
	If “Yes,” explain below. (300 word limit)				
2h	What will happen with the existing courses that comprised the program ⁶ ? (300 word limit)				
	<i>There are no existing courses.</i>				
2i	Check the appropriate box below and explain. (150 word limit)				

⁴ If a degree is offered *en passant*, there are no direct admissions into the program and it exists solely as an option for students who are unable to complete the associated PhD.

⁵ Mention of the replacement degree here does not create/change it – the appropriate new/change forms must also be submitted.

⁶ If the courses are no longer needed, the home educational unit will need to officially drop the courses.

SUSPEND ADMISSIONS TO AN EXISTING DEGREE PROGRAM/CERTIFICATE

Suspension greater than one year but less than five years. Suspension for perpetuity.

3. Approvals/Reviews

Information below does not supersede the requirement for individual letters of support from educational unit administrators and verification of faculty support (typically takes the form of meeting minutes).
