Proposed New Undergraduate Certificate: Diversity and Inclusivity Awareness

This is a recommendation that the University Senate approve the establishment of a new Undergraduate Certificate: Diversity and Inclusivity Awareness, in the College of Social Work.

Rationale: The proposed certificate will provide an enriching, multidisciplinary academic experience through an exposure to a variety of cultures and lived experiences within the academic context. It will allow students opportunities to engage with diverse content, views, and experiences to gain preparedness for a ubiquitously interconnected future. The program composed of a core course in social justice foundations and elective courses in a variety of areas will enable students to better understand differences in cultures and lived experiences, social influences resulting from those differences as well as how those influences shape a student’s awareness and ability to connect with a worldview that values diversity and models inclusivity for all. An initial enrollment of 30 students doubling to 60 students is anticipated.

**Certificate Description.** An Undergraduate Certificate is an integrated group of courses (as defined here 12 or more credits) that are 1) cross-disciplinary, but with a thematic consistency, and 2) form a distinctive complement to a student’s major and degree program, or 3) leads to the acquisition of a defined set of skills or expertise that will enhance the success of the student upon graduation. Undergraduate Certificates meet a clearly defined educational need of a constituency group, such as continuing education or accreditation for a particular profession; provide a basic competency in an emerging area within a discipline or across disciplines; or respond to a specific state mandate.

**Approval process.** Once approved at the college level, your college will send the proposal to the appropriate Senate academic council (possibly HCCC and/or UC) for review and approval. Once approved at the academic council level, the academic council will send your proposal to the Senate Council office for additional review via a committee and then to the SC and University Senate. (The contact person listed on the form will be informed when the proposal has been sent to committee and other times as appropriate.) The last step in the process is Senate approval; upon Senate approval, students can enroll in the new certificate.

### 2. OVERVIEW

2a. Provide a brief description of the proposed new undergraduate certificate. (300 word limit)

The Diversity and Inclusivity Awareness certificate provides an enriching, multidisciplinary academic experience for UK students through exposure to a variety of cultures and lived experiences within the academic context. This certificate allows opportunities for students to engage with diverse content, views and experiences in order to gain preparedness for a worldview and a future that promises interconnectedness in all that we do. The certificate

NEW UNDERGRADUATE CERTIFICATE

is designed to provide a depth and breadth of exposure to the diverse human experience, better preparing global citizens through a variety of courses designed to enrich and value diversity and inclusivity.

The Diversity and Inclusivity Awareness Certificate is multidisciplinary and requires coursework from at least two disciplines. Students must complete a total of 12 hours at the 200 level or above taken for a letter grade with a minimum of 6 credit hours at the 300-level or above. All courses must have a C grade or above to successfully complete the certificate criteria. The Diversity and Inclusivity Awareness Certificate will enable students to better understand differences in cultures and lived experiences, social influences resulting from those differences as well as how those influences shape a student’s awareness and ability to connect with a worldview that values diversity and models inclusivity for all.

2b This proposed undergraduate certificate (check all that apply):

- [x] Is cross-disciplinary.
- [ ] Is certified by a professional or accredited organization/governmental agency.
- [ ] Clearly leads to advanced specialization in a field.

2c Affiliation. Is the undergraduate certificate affiliated with a degree program?  Yes [x]  No [ ]

If “yes,” include a brief statement of how it will complement the program. If it is not affiliated with a degree program, incorporate a statement as to how it will provide an opportunity for a student to gain knowledge or skills not already available at UK. (300 word limit)

2d Duplication. Are there similar regional or national offerings?  Yes [x]  No [ ]

If “Yes,” explain how the proposed certificate will or will not compete with similar regional or national offerings.

Nationally, a diversity certificate is available at other institutions including benchmarks such as Ohio State, Michigan, Missouri, etc. This certificate is intended for UK students and requires 12 hours of UK specific content so is designed for UK students pursuing an undergraduate degree. All approved courses are at UK. Students may choose to gain this certification elsewhere as other institutions (Penn State, Colorado (Denver), etc) do offer this certificate online as well.

2d Rationale and Demand. Explain the need for the new undergraduate certificate (e.g. market demand and cross-disciplinary considerations). (300 word limit)

UK does not have an undergraduate certificate that allows students to gain an academic credential through intentional curriculum designed to create awareness and engagement with diversity and inclusivity. This certificate will address multiple pillars of Diversity and Inclusivity through a multidisciplinary format that yield benefits for students:

Literature indicates that diversity awareness and cultural intelligence is economically sustainable. Amadeo (2017) states that diverse personnel have a growing economic power and cited the Wharton Business School’s findings that earnings increase for teams who are successfully diversified. Indeed, Amadeo indicates a lack of diversity awareness can create communication that is ineffective if not outright destructive, thus necessitating global citizens. Indu (2017) states that cultural intelligence is integral to sustainable social growth. This proposal seeks to create sustained social equity through developing cultural intelligence in UK’s classrooms and with

students. The curriculum will be employed across multiple disciplines, to create a sustainable social impact for students engaged in the Diversity and Inclusivity curriculum.

Other benchmark institutions do have similar certificates (e.g. Ohio State, Texas A & M, South Carolina, Missouri, Michigan, etc. These institutions recognize the value that inclusivity and engagement with diverse populations brings to students seeking to be productive members of society and participants in a global workforce. The proposed certificate is specific to UK students in that it encompasses multiple departments across campus and therefore learning by multiple disciplines.

The DUS of Social Work will continue to work with other disciplines and the dean will send a letter to all other deans asking for participation (using Dean Kornbluh’s model for their grad certificate) to ensure all colleges and departments who wish to participate are able to do so.

- [x] Currently enrolled undergraduate students.
- [ ] Post-baccalaureate students.

2f **Describe the demographics of the intended audience. (150 word limit)**

The intended audience are UK students who seek to make their job skills more marketable and applicable to a global society. Undergraduate students of any major are eligible for this certificate.

Diversity and Inclusivity Awareness Certificate Proposal

The College of Social Work proposes collaborating with multiple departments and colleges to create a new undergraduate certificate on Diversity and Inclusivity Awareness. The collaboration between colleges will ensure diversity of content. This certificate is for students of all majors and will typically be completed in the junior and senior years.

Proposal:

The Diversity and Inclusivity Awareness certificate provides an enriching, multidisciplinary academic experience for UK students through exposure to a variety of cultures and lived experiences within the academic context. This certificate allows opportunities for students to engage with diverse content, views and experiences in order to gain preparedness for a worldview and a future that promises interconnectedness in all that we do. The certificate is designed to provide a depth and breadth of exposure to the diverse human experience, better preparing global citizens through a variety of courses designed to enrich and value diversity and inclusivity.

The Diversity and Inclusivity Awareness Certificate is multidisciplinary and requires coursework from at least two disciplines. Students must complete a total of 12 hours at the 200 level or above taken for a letter grade with a minimum of 6 credit hours at the 300-level or above. All courses must have a C grade or above to successfully complete the certificate criteria. The Diversity and Inclusivity Awareness Certificate will enable students to better understand differences in cultures and lived experiences, social influences resulting from those differences as well as how those influences shape a student’s awareness and ability to connect with a worldview that values diversity and models inclusivity for all.

RE: Endorsement of Diversity and Inclusion Certificate

Currently, the College of Social Work offers coursework focused on diversity and inclusion for undergraduate social work students. This coursework prepares students to address the multitude of diversity issues they will confront in their professional roles. Given the importance of this knowledge, skills, and attitudes, a Certificate in this area would recognize their unique educational preparation and communicate to others their abilities to address diversity and inclusion in work, clinical, and community settings.

I wholeheartedly endorse the establishment of this certificate. I encourage you to approve the Diversity and Inclusion Certificate.
Dear Dr Benner,

Thank you for submitted a NOI regarding the proposed program, Diversity and Inclusivity Awareness, Undergraduate Certificate (30.2301).

My email will serve 2 purposes: 1.) Next steps for SACSCOC, and 2.) Verification and notification that you have contacted OSPIE—a Senate requirement for proposal approval.

1. **Next steps for SACSCOC:** None required
2. **Verification that OSPIE has reviewed the proposal:** Based on the proposed documentation presented and the Substantive Change Checklist, the proposed program does not constitute a substantive change as defined by the SACSCOC, the university's regional accreditor. Therefore, no additional information is required by the Office of Strategic Planning & Institutional Effectiveness at this time. The proposed program may move forward in accordance with college and university-level approval processes.

Should you have questions or concerns about UK's substantive change policy and its procedures, please do not hesitate contacting me.

Hi Margaret. I have consulted with EDP faculty and we agree that EDP 545 should be considered for an elective course for the diversity and inclusion certificate. Let me know if there are additional things to do here. It is an undergraduate/graduate course with Psych 100 and/or instructor consent as prerequisites.

Margaret,

You have all of today’s correspondence about this. I sent the message to Amy Spriggs and she consulted with the EDS faculty. RC was asked in October 2917 so a last minute request such as today’s is really not the best way for SW to handle this.

It would go in the elective course options so there is that to consider in terms of potential number of students. It's not going to be as many compared to a core course.

[Quoted text hidden]
Hello, Dr. Sandidge and Dr. Schroeder.

Per the email from Dr. Vail, Interim Dean of the college of Social Work, regarding the Diversity and Inclusion Undergraduate Certificate they are proposing, KHP would like to offer three courses as part of that curriculum:

- KHP 220 Sexuality Education
- KHP 325 - Community Organizing in Health Promotion
- KHP 576 LGBTQ* Health Promotion
  - KHP 579 Adapted Physical Education

Faculty of record in KHP have been consulted and approve the inclusion of these courses as electives in the Certificate for Diversity and Inclusivity Awareness.

Please let me know if you would like me to send this letter to Kalea Benner or if you will be the ones to approve and forward along to her. I realize the deadline is TODAY.

Best, Heather

10:30 a.m.

Dr. Rogers welcomed Kalea Brenner. Dr. Brenner distributed a handout outlining the Certificate and proposal. There was discussion about potential collaborative ‘Diversity and Inclusivity Awareness Certificate Proposal’ between Social Work and Rehab Counseling. *Proposal attached* Dr. Harley asked what the timeline is on this endeavor. Ms. Brenner advised she was hoping to have this in place by fall 2018. Dr. Sheppard-Jones asked if there was a faculty in mind – Dr. Brenner advised it would more than likely be herself. She said about 60% of their students go into Graduate School. Dr. Rogers suggested listing the RC 515 and 516 as either or. Dr. Crystal added that if we put this through as campus and DL we would need two separate syllabi. Dr. Harley said if you use our current syllabi the DL courses are bi-term so we would have to look into this as well. Dr. Crystal asked if Dr. Brenner thinks this will fit into students’ needs. She believes most will use these courses. Ideally Dr. Brenner believes if all students eventually take some of the RC courses it will be great. Dr. Harley moved that we support the Diversity and Inclusivity Awareness Certificate collaboration. Dr. Crystal seconded. The vote taken was unanimous. Dr. Rogers will send the DL syllabi to Dr. Brenner and Dr. Maxwell will forward the campus syllabi.

Dear Dr. Vail:

I am writing this brief letter to offer the support of the Department of Theatre and Dance for the proposal of an Undergraduate Certificate in Diversity and Inclusion. Specifically, we currently teach three courses which may be used in the curriculum for this critical certificate in the 21st Century. They are the following:

   TA 286 – Social Action Theatre, 3 credits (Currently part of the UK Core)
   This course will explore applications of theatre practice and performance as they contribute to various cultures and/or community groups.

   TA 370 – Staging History, 3 credits
   A one-semester course dedicated to the research, development, and creation of a "Docu-Drama" or Documentary Play based on a local, regional, or national historic event, era, or site.

   TA 384 – Black Theatre Workshop, 3 credits
   A workshop that explores the history, literature and performance of theatre artists of the African diaspora.

Based upon the Bulletin descriptions, these courses would fit into a curriculum revolving around Diversity and Inclusion. The instructors of record were contacted and welcome the prospect of students in this certificate program taking their courses. If you have any further questions or concerns, do not hesitate to contact me using the information below.

Sincerely,
