Course Description

This course is designed to assist undergraduates in adjusting to the academic life of the University. Through lectures, discussions, exercises, and out-of-class assignments, UK 101 helps students reach the student learning outcomes listed in this syllabus.

Student Learning Outcomes

Students will:

1. Create academic goals and articulate the differences between high school and college academic expectations.
2. Apply learning strategies to maximize academic success.
3. Understand University policies.
4. Locate and use designated campus resources.
5. Recognize personal and social issues (e.g., alcohol, diversity, financial wellness) that first-year students often face in a college environment and be able to identify and select appropriate campus resources.

Course Requirements

1. Class participation is critical to the success of students, and it adds to the success of the course. Participation includes attending and being prepared for class, involving yourself in class discussions and activities, assuming responsibility for your own learning, and contributing to the learning of others.
2. Classroom decorum is important to a conducive learning environment. Being respectful of your classmates and instructors includes engaging in civil discourse when we discuss topics that have a diversity of perspectives; silencing your cell phone; not texting; and other behaviors outlined in class.
3. Complete and submit assignments as directed (via Canvas, email, or hard copy—whichever instructor chooses) by designated dates and times.

Attendance Policy

Students are expected to attend **ALL** class sessions unless their absence is excused. Attending class is an important part of succeeding in any course, especially a discussion-based course like UK 101. Refer to the above “Grading Criteria and Assignments” section for information on deduction of points due to unexcused absences. Please see below for what constitutes as an excused absence.

PLEASE NOTE: According to University Senate Rule 5.2.4.2: “If a student has excused absences in excess of one-fifth of the class contact hours for that course (participation activities for an online courses, as defined in 5.2.4.1.A), the student shall have the right to receive a ‘W’, or the Instructor of Record may award an ‘I’ for the course if the student declines to receive a ‘W’.” For the purposes of this class one-fifth (20% or more) of class = **4 classes.**

Excused Absences and Verification (University Senate Rule 5.2.4.2)

Students need to notify the professor of absences prior to class when possible. Senate Rules 5.2.4.2 defines the following as acceptable reasons for excused absences: (a) serious illness, (b) illness or death of family member, (c) University-related trips, (d) major religious holidays, and (e) other circumstances found to fit “reasonable cause for nonattendance” by the professor.

Students anticipating an absence for a major religious holiday are responsible for notifying the instructor in writing of anticipated absences due to their observance of such holidays no later than the last day in the semester to add a class. Two weeks prior to the absence is reasonable, but should not be given any later. Information regarding major religious holidays may be obtained through the Ombud (859-257-3737, http://www.uky.edu/Ombud/ForStudents_ExcusedAbsences.php)

Students are expected to withdraw from the class if more than 20% of the classes scheduled for the semester are missed (excused) per University policy.

Per Senate Rule 5.2.4.2, students missing any graded work due to an excused absence are responsible: for informing the Instructor of Record about their excused absence within one week following the period of the excused absence (except where prior notification is required); and for making up the missed work. The professor must give the student an opportunity to make up the work and/or the exams missed due to an excused absence, and shall do so, if feasible, during the semester in which the absence occurred.

Title IX Information

The University of Kentucky faculty are committed to supporting students and upholding the University's non-discrimination policy.

Discrimination is prohibited at UK. If you experience an incident of discrimination we encourage you to report it to Institutional Equity & Equal Opportunity (IEEO) Office, 13 Main Building, (859) 257-8927.

Acts of Sex- and Gender-Based Discrimination or Interpersonal Violence

If you experience an incident of sex- or gender-based discrimination or interpersonal violence, we encourage you to report it. While you may talk to a faculty member or TA, RA, UK 101 and 201 Peer Instructors, etc., understand that as a "Responsible Employee" of the University these individuals MUST report any acts of violence (including verbal bullying and sexual harassment) to the University's Title IX Coordinator in the IEEO Office (859-257-8927). If you would like to speak with someone who may be able to afford you confidentiality, the Violence Intervention and Prevention (VIP) program (Frazee Hall – Lower Level; <http://www.uky.edu/VIPCenter> 859-257-3574), the Counseling Center (106 Frazee Hall, <http://www.uky.edu/counselingcenter/> 859-257-8701), and the University Health Services (<http://ukhealthcare.uky.edu/uhs/student-health>) are confidential resources on campus.

Academic Integrity

Per University policy, students shall not plagiarize, cheat, or falsify or misuse academic records. Students are expected to adhere to University policy on cheating and plagiarism in all courses. The minimum penalty for a first offense is a zero on the assignment on which the offense occurred. If the offense is considered severe or the student has other academic offenses on their record, more serious penalties, up to suspension from the University may be imposed.

Plagiarism and cheating are serious breaches of academic conduct. Each student is advised to become familiar with the various forms of academic dishonesty as explained in the Code of Student Rights and Responsibilities. Complete information can be found at the following website: <http://www.uky.edu/Ombud>. A plea of ignorance is not acceptable as a defense against the charge of academic dishonesty. It is important that you review this information as all ideas borrowed from others need to be properly credited.

Senate Rules 6.3.1 (see <http://www.uky.edu/Faculty/Senate/>) for the current set of Senate Rules) states that all academic work, written or otherwise, submitted by students to their instructors or other academic supervisors, is expected to be the result of their own thought, research, or self-expression. In cases where students feel unsure about a question of plagiarism involving their work, they are obliged to consult their instructors on the matter before submission.

When students submit work purporting to be their own, but which in any way borrows ideas, organization, wording, or content from another source without appropriate acknowledgment of the fact, the students are guilty of plagiarism.

Plagiarism includes reproducing someone else's work (including, but not limited to a published article, a book, a website, computer code, or a paper from a friend) without clear attribution. Plagiarism also includes the practice of employing or allowing another person to alter or revise the work, which a student submits as his/her own, whoever that other person may be. Students may discuss assignments among themselves or with an instructor or tutor, but when the actual work is done, it must be done by the student, and the student alone.

When a student's assignment involves research in outside sources or information, the student must carefully acknowledge exactly what, where and how he/she has employed them. If the words of someone else are used, the student must put quotation marks around the passage in question and add an appropriate indication of its origin. Making simple changes while leaving the organization, content, and phraseology intact is plagiaristic. However, nothing in these Rules shall apply to those ideas, which are so generally and freely circulated as to be a part of the public domain.

Please note: Any assignment you turn in may be submitted to an electronic database to check for plagiarism.
