## Which aspects of the course were most helpful? Why?

Comments
The most helpful aspects of this class were the communication technology topics covered and the theories that relate to each.
Everything I loved everything about this class, the set up, content, the projects
The flexibility and understanding of the professor.
This course was one of the best courses I have ever taken at UK. The professor tested us on what we know instead of what we didn't know. He provided a welcoming and learning atmosphere for his glad and was very concerned about our learning
Dr. Lane is the best in, and out, of class teacher I've had in my time here at UK
You were by far the most helpful professor I have ever had.
The lecture because Dr. Lane not only taught us the information, but he brought in the technology or had us use it to ensure that we actually knew what we were learning. The blogs were also helpful as they also ensured we understood the technologies
The availability and help of Dr. Lane helped me excel in the course and gave me the tools to succeed
The material was helpful and could actually be used in real life scenarios. It helped boost my knowledge when it came to different technologies. It helps you build your skills, and could be helpful when applying to future jobs.
It was very interesting being able to learn how to use a computers to their full capacity and learning tools that will be very helpful in the future.
None! Each and every single thing that I learned in the course and from Dr. Lane are extremely beneficial.
This class was wonderful. I learned a ton about the subject matter, and the content is clearly information that will be useful in the real world.
The textbooks helped to understand the technologies used in class. The best part was being able to put the course material into practice during class.

Which aspects of the course would you change? How and Why?

Comments
I would suggest changing the instructions to the research project on the syllabus to fit how we should properly complete the project currently.
Nothing
The lack of application of technologies. We used the technologies we discussed, but I didn't think we spent enough time on each.
NOTHING
None. If Dr. Lane is teaching the course, it doesn't need to be changed
The reading requirements are a little much. I wouldn't mind having longer lectures to reduce reading load.
Nothing! I loved this course and would recommend it to anyone that could take it.
None
Nothing.
I can't think of anything- it was alot of work but all fair and relevant work.
I would not change any aspect of the course, as long as Dr. Lane is teaching the course.
There is so much information packed into the semester, but it's an Honor's course so this cannot really change.

Which aspects of the instructor DerekLane were most helpful? Why?

Comments
Dr. Lane was frequently available to help students in the class with any issues on assignments and helped them step by step.
Everything he made himself also available to his student for class help and personal life help.
Wonderful professor The material was very helpful and beneficial Really involved in students learning
He was the most available teacher I've ever had
Your willingness to take time out of your day to help anyone who needs it. My goodness you are good Dr. Lane.
He genuinely cares for both his students' academic success, as well as their personal lives by sharing resources, offering advice, and giving ample time for students to meet. He also allowed students to message him through a number of platforms and we as a class were able to utilize the tech he taught in class to better work with each other.
Dr. Lane was by far, one of my favorite teachers I've ever encountered. He's very thoughtful and invested in each of us as students, getting to know us and helping in any way he could to make our experiences and learning better.
Dr. Lane was the best communications professor I have had at the University of Kentucky. I can't imagine anyone doing a better job at teaching this topic than he did. He made sure that we all understood what he was teaching and made the class interesting. I had been very nervous about this class when I first heard of it, but Dr. Lane made it my favorite class of the semester and my favorite communications class I have had at UK.
His radiant and positive attitude every day and his want for all of us to do well
Really cared about each student and did a great job with everything
He was very willing to work with students one on one. He was willing to do anything to help us get a good grade in the class.
He was always willing to help us in anyway that he could. He took time out of his day to work on our computer and go above and beyond other professors
I cannot categorize which aspects of Dr. Lane were most helpful because he strives to ensure that he is helpful, in anything that he is doing.
I cannot say enough about how well Dr. Lane taught this class. We learned information and then applied it with our own hands. This was one of the best, and my favorite courses that I have taken while at UK.
Dr. Lane is the most kind professor I have had. He would help with anything outside of class. He explained the course content in a way that made the class interactive and understandable. You could tell that he enjoyed the topic, and that helped with teaching.
