Great Study Guides for exams and a great professor always willing to help.
All of it. This guy knows how to convey material better than most people can breathe.
Getting to create an actual communication plan
the professor is by far the best professor that i have had in my four years at uk.
I appreciate that Dr. Lane always had the slides ready to go for class.
Everything presented in lectures was available on files
The timeline we had set up
Everything in this class was helpful. Dr. Lane is the only teacher I've had here who genuinely cares about his students and puts in so much effort for everyone to succeed. I learned so much throughout this course.
he was always available to us
The most helpful aspects of this course were the slidedecks that were posted on canvas. The slide decks ahd all the information regarding upcoming assignments, schedules, and coursework. I utilized the slides many times when workingon assignments.
The slide decks and open-note exams were beneficial.
Real-life risk and crisis scenarios shared during class. Helped apply assigned readings and lectures, to real-life situations
I thought that this course was one of the most practical courses I have ever taken at the university. Dr Lane was very knowledgable about information taught in the course and was able to connect and help every student in the class. I was able to use the information we learned in class and apply it to my line of work and life.
The office hours that Dr Laine held. These were great opportunities to take advantage of his help.

the room was the only issue the class is so hindered by the space that some of the conversations were limited.
I think the only thing that I would have liked to be different in the course was the way that the CCP guidelines were written. I was confused sometimes on what I needed to have exactly for each assignment.

I would change the constant review of assignments during class time. It felt like we discussed what our future assignments were for half the class time every time we would meet rather than covering new content. At times it was helpful but soon it would just become repetitive.

Slowing down on material and making the lecture period shorter. I feel like in the last 20 minutes of class our professor is always saying "you with me." The class tends to zone out towards the end of class due to the load that is thrown at us.

Always willing to help with assignments and very informative with help.
The instructor's ability to organize, adapt, and empathize with students helps them learn rather than listen and tune out.
he brought and energy that he was excited to teach. not the fake lets get going guys but like he genuinely wants to be there which made it so much better.
Dr. Lane is an excellent professor!! He goes out of his way and puts in so much extra work to make students feel valued and appreciated. He wants to make sure that his students really do know the material and feel comfortable with everything going on in class. I really enjoyed having Dr. Lane this semester.
On a side note, it made me feel like I mattered here at UK when Dr. Land made it a point to learn my name by our second class. I'm a senior and not one of my professors knew my name or has called me by name thus far. I really appreciated this more than he'll probably ever know.
Always helpful
You could tell he wanted everyone to succeed
Everything, but mainly that he is extremely approachable and easy to ask questions too.
wanted us to thrive in his class
The instructor was extremely helpful during this class, if you had a question he would immediately answer you wether through email or in person. He provided quality feedback and would allow for retouches on assignment for a better grade.
Always willing to help if anyone needed it.
His timeliness in responding to emails or questions. He was always willing to go out of his way to make sure his students were well-prepared for an assignment.
Dr. Lane was very quick to respond to emails and questions from students which was super helpful. He also provided many opportunities to correct your work and resubmit it for feedback.
His thoroughness going over what is expected of us for upcoming assignments.

I wouldn't change anything about this instructor, he was the most helpful professor I have had since coming to UK, and would even help me connect with other students and instructos in the same field as me.

I would maybe fix the amount of information given in one class period. Oftentimes I feel like I am given an information overload, and it can be very confusing.
