

Waiting for you

Performed by Paper Bird

I've been waiting for you
I've been waiting for you
I've been watching the
horizon
The sun is my companion

I've been hoping for you
Hope's been helping me
through
But you give no sign, no
sign of you
Such a long time with no
sign of you

Road ain't a friend, every
stranger
Searching for an answer to
your anger

but when you're broke and
your stripped of everything
you aimed for
Will you wear the pain you
gave your name for?

Oooahhhh
Oooahhhahhh
HahhahhOoooah

I've been calling for you
I've been calling for you
Seems it's all I can do
