Subject: Gaines Mini-Grant

Afternoon Bob!

Thanks so much for your submission to the Gaines Mini-Grant Program. Your proposal doesn't meet the specific requirements of the mini-grant program; However, we recognize that your Environmental Humanities initiative is still in its early stages and that it will eventually be of real importance to the campus community. We would, therefore, like to provide \$500 of funding to the operating budget for your program. For assistance with processing payment, please provide Catherine Brereton (catherine.brereton@uky.edu) with the name and email address of your Department Manager/Budget Officer. Catherine will work with them to facilitate the transfer of these funds.

As your initiative develops, we encourage you to contact us with other, specific funding requests, outside of the mini-grant program. We look forward to seeing this initiative come to life!
Chelsea
